Eighth Army Men Inflict Heavy Loss In Brush With Axis

Enemy Forces Keep Up Pressure In Face of Stiff Resistance

ALLIED HEADQUARTERS IN NORTH AFRICA, March 5 (AP).—Enemy forces in Northern Tunisia kept up their pressure in the face of stiff Allied resistance today, while advices reaching here from the southern sector reported that the British Eighth Army, in its first feeler brush with Axis troops, yesterday inflicted on the Germans "very heavy losses—heavy enough to remember."

American patrols clung to Sidi Bouzid, about twenty-five miles south of Faid Pass, where the withdrawing Nazis hold hill positions overlooking the valley.

The Germans still held on to Gafsa in the south and Hadjeb El Aioun, about twenty-two miles northeast of Sbeitla, where French patrols had made contact with them.

French patrols pushed to a point a few miles west of Picon in the central sector and in the far south other advanced French elements continued to move forward east of Nefta. These units were "continuing their action in an easterly direction," a French communique said.

BEAT OFF GERMAN ATTACKS

Tank forces of the British First Army were said officially to have beaten off German attacks in the streets of the highway junction town of Sedjenane, along the Mateur-Tabarka road in Northern Tunisia.

Germans attacking down the road gained a foothold in the village Wednesday and remained there through the night. Then forty-ton Churchill tanks and infantry drove them out in a fierce dawn attack yesterday, front dispatches said.

Despite the strength shown by the Germans in the series of attacks in the north from Cape Serrat to Medjez-El-Bab, it was felt that the Nazi successes were only local and that they were marshalling their major strength at the Mareth Line to await a showdown battle with Gen. Sir Bernard L. Montgomery's Eighth Army.

In the air, American bombers smashed four Axis ships of a six-vessel convoy off Bizerte, damaging the remaining two, and other Allied airmen attacked Axis land transport both in the southern and northern sectors.

In all, five enemy planes were destroyed, against Allied loss of two craft.

Will Study Problems of Peace Days

Senate Forms Full Committee

OTTAWA, March 5 (CP) — The Senate today appointed a committee of thirty-eight members to study postwar problems, with particular emphasis on problems of reconstruction, re-establishment and a national scheme of social and health insurance.

Following adoption of the motion and naming of the committee, the Senate adjourned to allow an organization meeting, at which Senator Norman Lambert (Liberal, Ontario) was made committee chairman.

A sub-committee on social security was set up under chairmanship of Senator A. K. Hugessen (Liberal, Quebec). The full committee will meet Monday to discuss its agenda.

Senator J. W. deB. Farris (Liberal, British Columbia) suggested appointment of a second member of the Cabinet to the Senate to assist in opening the way for a plan of introducing Government measures in the Upper House. Such a practice, he said, would increase the usefulness of the Senate and effect a considerable saving in time of the Commons.

Members appointed to the committee, in addition to Senator Lambert and Senator Hugessen, include: Senators W. M. Aseltine (Progressive Conservative, Saskatchewan), Progressive Conservative Senate Leader C. C. Ballantyne, A. L. Beaubien (Liberal, Manitoba), Aristide Blais (Liberal, Alberta), W. A. Buchanan (Liberal, Alberta), J. W. deB. Farris (Liberal, British Columbia), John Haig (Progressive Conservative, Manitoba), R. B. Horner (Progressive Conservative, Saskatchewan), Government Senate Leader J. H. King, A. D. McRae (Progressive Conservative, British Columbia), E. Michener (Progressive Conservative, Alberta) and J. J. Stevenson (Liberal, Saskatchewan).

Committee To Study Insurance

House Approves Without Division

OTTAWA, March 5 (CP).—The House of Commons tonight approved without division a motion to set up a House committee to study a plan of social insurance.

Approval followed debate participated in by more than a score of members and concluded by Prime Minister Mackenzie King, who said that if an amendment to the British North America Act were held necessary to make the scheme effective it could be obtained quickly from the British Parliament.

Speakers, in addition to the Prime Minister, were New Democracy Leader Blackmore, Angus MacInnis (C.C.F., Vancouver East), Anthony Hlynka (N.D., Vegreville), Rodney Adamson (Prog. Con., York West), Norman Jacques (N.D., Camrose), Dr. H. A. Bruce (Prog. Con., Toronto Parkdale), Manley Edwards (Lib., Calgary West) and Alfred Bence (Prog. Con., Saskatoon City).

Mr. King said the Government had been criticized for not bringing down a specific bill for health insurance, but he had realized that, no matter what the Administration did, it would be subject to criticism.

SEES NEED OF CENTRAL AUTHORITY

There was in Canada a large mass of social insurance legislation, and because there was no central authority there was a great deal of overlapping and also large "blanks," all resulting in inefficiency of effort. That fact, and the evidence that there was to be more such legislation, was reason for an attempt to bring their efforts together in one national organization.

It did not necessarily follow that a national plan would require to have all effort centralized in Ottawa nor that there should be identical legislation in every province, but there could be a co-operative and co-ordinated effort.

Regarding jurisdictional obstacles, Mr. King said the amendment of the British North America Act offered no difficulties, as had been proven in the case of the Unemployment Insurance Act.

But it had to be done by consultation with the provinces and that was the right way to go about it.

Any government that attempted to "ride roughshod" over the provinces would not get far in these matters. But he had no anticipation there would be difficulty in obtaining co-operation of the pro-

New Type of Warship Ready

WASHINGTON, March 5 (AP).—Speedy and deadly, equipped with all anti-submarine weapons known to science, a new type of warship is flying the American flag ready to battle undersea raiders, Navy Secretary Frank Knox disclosed today.

"Several score" of the little craft already "are in the water" he said, and "several hundred" more are called for in the construction programme.

Known as a "DE" or destroyer escort, the new craft is somewhat of a cross between the famed British and Canadian corvette and the larger destroyer.

The Navy said it has a displacement of 1,300 tons, a waterline length of about 300 feet and a beam of from thirty-five to thirty-six feet. That is approximately the size of destroyers of the first Great War.

HUGE BILL PASSED

WASHINGTON, March 5 (AP).—The House of Representatives passed 344 to 0 and sent to the Senate today a $3,816,206,583 appropriation bill for the United States Navy to supplement $19,798,431,662 previously made available to the naval service for the fiscal year ending June 30. The bulk of the new funds are for ordnance, maintenance and construction work for a navy with a projected strength of 2,250,000 men and women by the middle of 1944.

Famous Air Fighter Meets American Comrades

Flying Officer George F. "Buzz" Beurling, D.S.O., D.F.C., D.F.M. and Bar, Canadian ace of the R.A.F., who has shot down twenty-nine enemy planes in the present war, took time out during his visit to a West Coast air station yesterday to compare notes with Lieut. M. R. McLary (left), and Lieut. D. A. Reihmer (right), of the United States Army Air Corps. During the day the young hero of many air battles over Malta met members of the British Columbia Legislature who were inspecting the station, and gave a lecture on air fighting tactics to other pilots.

Canadian Ace of R.A.F. Visits West Coast Station

Describes Adventures Over Malta in Informal Talks With Fellow Pilots

FLYING Officer George F. "Buzz" Beurling, Canadian-born ace of the Royal Air Force, paid a flying visit to a West Coast air station yesterday to spend a few hours talking shop with fighter pilots.

Coincidental with his visit was a tour of the station by a delegation of the British Columbia Legislature, headed by Hon. Herbert Anscomb, which attended a class graduation ceremony and was shown training facilities at the station. All members of the party met Beurling.

Although the tall, rangy, loose-jointed flyer wears the ribbons of the D.S.O., D.F.C. and D.F.M. with bar, they did not stand between him and the other pilots as he described his adventures over Malta and gave them the benefit of his experience in shooting down twenty-nine enemy planes.

"What's my system?" he said in answer to a question. "I pick them out and shoot them down."

He said he feels no animosity toward enemy pilots he is attempting to kill, with exceptions.

"When I'm fighting one man, the whole thing becomes impersonal—a fight between the machines," he said. "But I get mad when eight or nine gang up on me."

PREFERS TO FIGHT ALONE

By his own admission, Flying Officer Beurling has no ambition for more "rings" on his sleeves, preferring to fight alone.

"I was trained as a fighter pilot," he said, "and consider I can do my best in that capacity."

The twenty-one-year-old Quebec youth fidgeted nervously and seemed impatient to be in one of the aircraft at the station, but he was as natural as any flyer there. He made himself at home in the dispersal shack for fighter pilots and was soon a member of the crowd.

In answer to a question, Flying Officer Beurling said he met one pilot he had shot down, an Italian, who eventually died of his wounds.

BULLETINS

CADET AIRMAN KILLED

CALGARY, March 5 (CP).—One airman, a cadet, was killed in a mid-air crash between two Harvard training planes from No. 37 S.F.T.S., R.A.F., today about eight miles east of Balzac. The remaining three occupants of the aircraft—two instructors and a cadet—were uninjured. The aircraft were on training flights when the accident occurred. Next of kin of the deceased have been notified and the name will be released shortly.

POISONS CHILDREN

ALBERTLEA, Minn., March 5 (AP).—Sheriff H. B. Wulff, of Freeborn County, said tonight that Mrs. Delia True, thirty-four, of Albertlea, mother of six children, confessed that she had fatally poisoned two of the youngest children, Ardith, six, and Merle, nine. She admitted, according to Sheriff Wulff, that she had put poison in the children's milk "because of the family's poverty and because other children taunted her children because of their clothing."

International Control Not Desirable

OXFORD, England, March 5 (CP).—"I am more interested in what Britain thinks of the British Empire than what the United States of America thinks of it," Colonial Secretary Oliver Stanley said today in a speech before the Oxford Conservative Association in which he rejected any idea of international control of the Empire.

He said he was replying to "a great volume of friendly criticism and disinterested advice" from the United States, and added:

"I am convinced that the first fundamental principle is that the administration of British colonies must continue to be the sole responsibility of Great Britain.

"But because I believe strongly that the administration must remain British and sovereignty national, it does not mean that I exclude the possibility of close international co-operation."

He said that any suggestion for international administration "ignored the real feelings of the peoples in the territories concerned."

"They would deeply resent substitution of a new polyglot and perhaps an ephemeral administration for the British connection which they know and respect," he declared.

FIFTY-FIVE BODIES

BEAR CREEK, Mont., March 5 (AP).—Miners have found the bodies of fifty-five fellow workmen in the explosion-blasted Smith Coal Mine and nineteen of the seventy-four men trapped in the pit still are missing. No signs of life have been detected in the mine since the explosion last Saturday morning.

SMOKERS JAILED

WINNIPEG, March 5 (CP).—Two defence plant workers, Alex Huppe and Peter Sytkiewicz, both of Winnipeg, were sentenced to three months in jail for smoking in a plant manufacturing explosives. Huppe also was fined $50 for having a match in his possession while working in the plant.

Manitoba Has Useful Surplus

WINNIPEG, March 5 (CP).—Premier Garson, as Provincial Treasurer, reported to the Manitoba Legislature today in his Budget speech that the credit of the province is better than it has been in eight years. Mr. Garson said that for the current fiscal year ending April 30, the province will have a surplus of $1,568,101. For the year ending April 30, 1944, he has budgeted for a surplus of $845,806.

No Survivor After Final Mopping Up

Nothing Left of Japanese Armada

ALLIED HEADQUARTERS IN AUSTRALIA, March 6 (Saturday) (AP).—An Allied airman saw 200 Japanese troops in three lifeboats—all that remained of 15,000 spilled into the Bismarck Sea by the sinking of a twenty-two-ship convoy—dropped his bombs and dinnessaged his base. "No survivors."

That ended one of the most brilliant aerial strokes by Allied flyers in the Southwest Pacific, a spokesman said today in commenting on the High Command communique announcing "there was scarcely a survivor."

The final score:

For Japan—Ten Japanese warships, cruisers and destroyers, sunk; twelve merchantmen, transports and cargo ships, sunk; more than eighty enemy planes destroyed or put out of commission; and the troops, estimated at 15,000, which the Japanese were hurrying to their threatened foothold in the Lae-Salamaua sector of Upper New Guinea.

For the Allies—Only one bomber and three fighters lost.

The mopping-up of the survivors off the New Guinea coast was carried out methodically yesterday by Allied bombers and long-range fighters sweeping the sea.

More than 400 Japanese perished in the final operations in an area from twenty to seventy-five miles off the New Guinea coast in Huon Gulf. Barges, lifeboats and rough log rafts to which the enemy troops were clinging were torn up by high explosives or ripped apart by the fighters' machine guns.

By nightfall small bits of wreckage and oil slicks were all that remained to mark the grave of the Japanese armada that had set out from Rabaul, New Britain.

Finland Forms New Cabinet

HELSINKI, March 5 (AP).—Finland formed a new Cabinet today under the Conservative Professor Edwin Linkomies, in which ministerial representation of the pro-Fascist Patriotic People's party was eliminated and the Foreign portfolio was assigned to Sir Henrik Ramsay, Scots-descended shipping leader.

Observers said there was nothing in the records of either Premier Linkomies or Ramsay which would make them inacceptable to Soviet Russia and consequently handicap chances of the nation in any peace negotiations.

Linkomies is leader of the Conservative party. (A broadcast yesterday by the Helsinki radio, recorded by The Associated Press, said he was born in Viipuri, "under the immediate shadow of the Russian peril.") He is more or less inexperienced in politics.

Mt. Douglas Park Tea Room Robbed

Supposedly entered within the past few days, according to a report from the Saanich police department to the city police, the Mount Douglas Park Tea Room was stripped of a considerable quantity of dishes.

The loot is said to include thirty teapots, eighty cups, four dozen matched cups and saucers, fifteen milk jugs, five dozen tea plates, twelve grey enamel one-gallon jugs, two five-gallon coffee boilers and an unstated number of spoons and ice cream scoops.

The inventory is being continued by Saanich and city police, who are making a thorough examination of the premises.

Bombers Raid Western Burma

NEW DELHI, March 5 (CP).—R.A.F. bombers raided Japanese-occupied Akyab in Western Burma last night after a series of daylight attacks on enemy positions at Rathedaung and nearby Kamai, some twenty-five miles to the northwest, a British communique announced today.

Wednesday night R.A.F. fighters shot up enemy road and rail transports on the Mayu Peninsula.

The Tenth United States Air Force bombed the Pazundaung bridge and the Ahlone dock area near Rangoon and rail yards near Maymyo in raids on Burma Wednesday, headquarters announced.

Russians Smash Stubborn German Resistance in Big Sweep Toward Enemy Base

Free More Than 100 Localities In Two Days—Kill 2,000 Nazis

LONDON, March 5 (CP).—Smashing stubborn Nazi resistance southwest of Rzhev in the central front sweep toward the enemy anchor at Smolensk, the Russians have freed more than 100 localities in two days, the Soviet midnight communique disclosed tonight.

Fresh gains also were reported on the southern front, where a fifty-mile-wide Red Army salient was being driven westward to cut the Bryansk-Kiev railway in the sector between recaptured Lgov and Sevsk. This manoeuvre also was aimed at turning German defences hinged on Bryansk and Orel to the north and northwest.

Approximately 2,000 Germans were reported killed and 1,165 captured during today's operations, but the Russians did not report any advances in the Donets Basin, where the Germans for days have claimed successful counter-attacks that have assertedly regained Kramatorsk, Slavyansk and Lisichansk in the sector north of Stalino. The German High Command claimed today that the Russian Third Army was encircled south of Kharkov and was about to be wiped out.

On the Central front the immediate Russian goals appeared to be Vyazma, eighty miles south of Rzhev, and Gzhatsk, sixty miles to the southeast. Although the Russians gave no indication as to how close their armies are to these points, the general direction of the Soviet drive made it likely that they intend to strike behind Vyazma, between there and Smolensk. The latter point is 230 miles west of Moscow.

GERMANS DISPLAY STUBBORN RESISTANCE

"The Germans are displaying stubborn resistance, throwing into the battle infantry, tanks and artillery," the communique said. "Our troops are smashing the enemy defences without giving them the opportunity to entrench on convenient positions."

One Soviet unit was reported to have killed more than 300 Germans and to have captured seven guns, three mortars and a radio transmitter after crossing an unidentified river, which may be the headwaters of the Dnieper.

This central front push has been co-ordinated with Marshal Timoshenko's northwestern front drive south of Lake Ilmen toward Staraya Russa. The midnight bulletin did not mention any fighting on this front where the Berlin radio said battles are occurring along a fifty-mile stretch between Staraya Russa and Kholm to the south.

On the northern fringe of the Ukraine, the Russians were within twenty miles of the Bryansk-Kiev railway at a point north of the railway junction of Konotop. This was in the Sevsk area, where "our troops continued their successful offensive and captured several populated places."

REPULSE GERMAN COUNTER-ATTACKS

Blasts in France Felt In England

Heavy Explosions on Coast Follow Raid

LONDON, March 6 (Saturday) (CP).—The R.A.F. sent its big bombers on their tenth consecutive night raid over the Continent during the night and repeated blasts along the French coast were heard on this side of the Channel.

Huge flashes, apparently the result of the explosions, also could be seen shortly after the bombers crossed the Channel.

The explosions were so heavy residents reported they rattled windows in buildings on the British side. The roar across the Channel was in the direction of Dunkerque, which had been attacked several times recently.

In Thursday night's attacks on German-occupied Europe, the R.A.F. laid mines in enemy waters and attacked targets in the western industrial area of Germany. One plane was lost.

Many European radio stations were silent last night, including the Berlin radio. It went off the air at 9:15 p.m.—about the same time it was closed last Monday when the Nazi capital got its heaviest pounding of the war.

DAYLIGHT RAID ON NETHERLANDS

The Air Ministry service said Typhoons and Spitfires of the Fighter Command returned to the attack today and made a daylight sweep over The Netherlands coast, on which they sank two small enemy torpedo boats and heavily damaged two others.

A Stockholm broadcast, recorded in Ottawa by the Canadian Broadcasting Corporation, said several foreign planes appeared over Swedish territory on Friday. The broadcast made no mention of the the nationality of the planes, some of which were fired upon by anti-aircraft guns without results.

The German radio said in a broadcast recorded by The Associated Press that a lone British plane of the Mosquito type was sighted over Western Germany and shot down in Dutch territory after a brief combat.

SPECIAL REPAIR ESTABLISHMENTS

An indication that the systematic bombing of Germany is taking a heavy toll in Nazi war factories came from a broadcast by the Nazi-controlled Stavanger radio of Norway, which reported that 500 "special repair establishments" were being set up throughout Germany in the electrical industry. The broadcast was recorded in New York by the Government's foreign broadcast intelligence service.

As the round-the-clock offensive continued, British authorities reported the loss of only one plane in last night's raid on Germany.

Earlier in the evening, speedy Mosquito bombers attacked railway centres near Le Mans and Valenciennes in France.

Say Warships Of Germany Concentrating

LONDON, March 5 (CP).—London newspapers today published dispatches from neutral sources saying a powerful concentration of German warships, assembled in the Trondheim area of Norway, has been carrying out exercises.

The articles led to immediate conjecture that the Nazi navy, changing its tactics as a result of a change in command, may be preparing for an attempt to burst out into the North Atlantic and prey on the supply route to Russia.

Unofficial naval sources were vague in their comment on the reports. One said: "I personally know of no change in the disposition of German ships in northern waters. . . . The Royal Navy is watching these matters closely and is always prepared to meet any kind of attack, heralded or otherwise."

The stories, carried in The Evening Standard and The Daily Telegraph, without identifying the sources of their information, said the concentration in the Trondheim area included the battleship Tirpitz, 35,000-ton sister ship of the lost Bismarck; at least two Hipper class cruisers, and a number of destroyers. The aircraft carrier Graf Zeppelin, laid down in 1938, and the 26,000-ton battleship Scharnhorst also were reported with the group. The Scharnhorst was reported in the Skagerrak between Norway and Denmark three weeks ago.

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1943, by Southam Co.)

LONDON, March 5.—Axis troops have been making repeated attacks in the Sejenane area of North Tunisia and gaining ground at heavy cost. Churchill tanks are strengthening defences here and the enemy has been held.

Fighting in Beja sectors is less violent and German tank losses are considerable. Some Nazis who had served in Russia surrendered and said they never had such pounding as that given them by British artillery and tanks.

The situation in Tunisia, taken altogether, says the military correspondent of The Times, has become dramatic. The Axis hold on the coastal area has been narrowed. Its northern offensive has failed except in one or two places. In the south, the Eighth Army's preparations have reached an advanced stage.

Rommel is playing a difficult and intricate game, but the Allies may expect to return soon to Gafsa and further complicate his plans. However, much hard fighting may be expected before Axis hitting power is exhausted.

General Montgomery is keeping up his bombardment of the Mareth Line, but will not engage his main forces until he is ready. Much depends now on these desert-trained and experienced British veterans.

Fighting down the German air strength on this front where the Luftwaffe has had local superiority, has been grim.

The victorious Red Army is pushing on from Rzhev and restoring railway links with Moscow, says the Stockholm correspondent of The Times. Evacuation of Gzhatsk, Vyazma and Orel now becomes probable, as the Germans admit they must shorten their lines. Rzhev was the strongest fortress the Nazis held on the whole central front.

Apparently a big armored battle is proceeding south of Lake Ilmen, though Moscow is saying nothing about it yet. Trains are now running daily from this area to Leningrad. This, however, does not mean the main line to Moscow has been cleared.

The German position around Orel is becoming more and more serious as the Red troops are proving superior in fighting and tactics and the Nazis continue to complain of their overwhelming numbers.

The Russians have made further marked progress towards Kiev, but in the Donets they have had a heavy struggle around Slavyansk without much result either way.

Further detailed reports of the air victory off New Guinea, says The

Pay-As-You-Go Plan Approved

WASHINGTON, March 5 (AP).—A pay-as-you-go plan for all 44,000,000 United States income taxpayers—the wage earner and salaried man, the farmer, the baker and candlestick maker—was approved tentatively today by the House Ways and Means Subcommittee, to be effective July 1.

The subcommittee skipped over the baffling choice among the Ruml plan to cancel a year's taxes and the various proposals for smaller amounts of abatement, tossing this problem back to the full committee.

Chairman Doughton (D., N.C.) called the full committee to meet Monday and said he was elated over the prospects of speedy action.

Under the plan tentatively approved all taxpayers must file their 1942 returns and pay the first quarterly installment by March 15 and the second by June 15.

New One-Cent Tax on Each Letter Only

Does Not Apply To Each Ounce

OTTAWA, March 5 (CP).—The new one-cent tax on letters, included in Finance Minister Ilsley's 1943-44 budget and effective April 1, applies only to the first ounce and hence constitutes a tax of one cent on each letter regardless of its weight, postoffice officials said today.

Some question had arisen as to whether the tax of one cent applied on each ounce. In his budget address Mr. Ilsley referred to the tax as being "one cent per ounce or fraction thereof," but the budget resolution covering the tax change specifies one cent per letter.

Mail rates on letters, the Postoffice Department explained, are payable in units of one ounce. The additional one-cent tax, they said, applies on the first one-ounce unit only.

Thus a one-ounce letter sent out-of-town will cost four cents to mail instead of three cents previously. A two-ounce letter will cost six cents instead of five.

For mail picked up and delivered by the same postal office the charge will be three cents for a one-ounce letter instead of two and four cents for a two-ounce letter instead of three.

COMMANDEER HOSPITALS

LONDON, March 5 (CP).—Brussels hospitals have been commandeered by the Germans to care for large numbers of wounded soldiers from the Eastern front, The Belgian News Agency reported today. Convalescent German soldiers walking the streets of Brussels were said by the agency to have been refused leaves to visit their families for fear their presence in Germany would lower civilian morale.

Closer Co-operation of School Teachers Asked

Too Much Lobbying, Says Minister In Discussing Education in B.C.

OFFICERS of the British Columbia Teachers' Federation should co-operate to a greater degree with the Department of Education, instead of lobbying and creating ill-will toward the departmer , Hon. H. G. Perry, Minister of Education, declared in the Legislature yesterday.

Concluding the budget debate which opened more than a week ago, Mr. Perry, the only speaker during yesterday's sitting of the House, spoke for almost two and a half hours. The budget was adopted without division or dissent.

The minister reviewed the work and problems of his department, discussed textbooks used in the schools and reviewed at some length taxation problems in their relation to education.

OFFICERS INVOLVED IN PRESSURE MOVEMENT

Criticizing the action of some officers of the Teachers' Federation who, he charged, were involving the association into a sort of group pressure movement, Mr. Perry said he had done what he could to help the teachers and the schools in this province during his years of office.

"I have done more for the rural school teachers than was ever done in any twelve months before," he asserted.

He believed that officers of the federation, if they are sincerely interested in bettering the condition of rural school teachers, should work through school trustees instead of lobbying.

Mr. Perry said it was the tendency for British Columbians to undervalue the merits of their educational system. Statements from high officers of the army and air force, telling of the superior educational standing of young British Columbians had brought this fact forcibly to his attention.

"Science and mathematics are particularly important in all the armed forces and it has been gratifying to learn from unquestionable authority that the product of our British Columbia schools is held not to be surpassed by the youth in any other part of the British Empire," the minister declared.

He said that cadet training had been well developed during the year in the secondary schools through the co-operation of the Department of Education with the Department of National Defence. He praised "patriotically-minded teachers" who had gone to great pains to qualify as instructors, and students who had shown exceptional zeal.

SURVEY OF COST OF SCHOOL TEXTBOOKS

Discussing textbooks used in the schools, Mr. Perry told the House that the average cost of these books in all grades in elementary and high schools was $3.22. The average cost of books in the grades from I to VI in the elementary courses was under sixty-one cents, in Grades VII to IX $4.55, and in the high school grades $7.13.

The minister said that of the 134 textbooks used, only one change was made in the past year, and this was in Grade X. Once change was made in an optional course book in German. Textbooks costing $91,277.30 are now being manufactured in British Columbia, he said.

Answering criticism in the House, the minister said that provision is made for three years' training in the science of agriculture in the high schools, an optional course.

Through the correspondence branch of the Department of Education, he said, Japanese children under jurisdiction of the British Columbia Security Commission are receiving instruction at cost, and high school courses are also being made available to ninety-six Japanese pupils.

GOVERNMENT AIDS SCHOOLS IN RURAL AREAS

Mr. Perry explained that in the past year 102 schools in rural districts were aided in increasing pay schedules for teachers to $840 annually. This was done at a cost of $23,730 to the Government. It is now proposed, he said, to establish a minimum of $840 for rural schools, with increases of $60 annually during the succeeding two years, and it is for this purpose that the recently announced grant of $180,000 will be used, he explained.

Going into the problem of taxation, as bearing on education, the minister said it was generally felt throughout the province that too large a proportion of the cost is being levied against real estate. He noted a wide variation in the mill rate for this purpose, ranging from 1.2 to 43.3 mills in rural school districts, with the average at 7.3 mills.

He pointed out that one method of obtaining a fairer distribution of educational costs in rural districts, and probably in district municipalities, would be to establish a uniform mill rate for educational purposes, applicable to all such scrool districts.

Answering the proposal that all educational charges should be taken over by the Provincial Treasury, he explained that the Province is now paying $4,000,000 annually and, if educational costs were assumed, some new method of taxation would have to be devised. This brought up two questions: On whom should the taxation fall? and when should such a change be made?

INCOME TAX CHARGE HELD MOST EQUITABLE

An income tax charge would be most equitable, he was convinced, but this could not be effected during the war because of the Province's agreement with Ottawa to vacate the income tax field.

Mr. Perry referred to a suggestion that a sales tax should be imposed, as in Saskatchewan and the State of Washington. He estimated it would yield $4,000,000. But regardless of other objections, he said, it would not be in accord with the spirit and probably the text of the Ottawa agreement.

He said the only remaining possibility was a capital tax, extended from real property to other forms of wealth. He said the wealth of the Province was computed at $2,430,-800,000, including much that is already being taxed, such as real property, forests, shipping, utilities and other wealth.

Personal property carries 2½ per cent of the rural school tax, in municipalities no tax on personal property is imposed. It might be that municipal councils which complain of the tax on real property have here a source of taxation to relieve the burden on real property," he said.

The pupils of the eyes dilate when a person is afraid, but become smaller when he is angry.

Canadian Hero of Malta Chats With Minister

SEEN above yesterday in the dispersal shack of a West Coast air station is Flying Officer George F. "Buzz" Beurling, D.S.O., D.F.C., D.F.M. and Bar, Canadian fighter pilot in the Royal Air Force, who has shot down twenty-nine enemy planes in combat, in conversation with Hon. Herbert Anscomb, Minister of Public Works (left), and Wing Cmdr. F. J. Mawdesley (right). Mr. Anscomb led a party from the British Columbia Legislature which toured the station, while Flying Officer Beurling made his visit to describe air fighting tactics to the pilots, as he has done elsewhere in Canada. He made himself at home in the dispersal shack, where fighter pilots await the command to take to the air, spending the morning in informal talk.

Canadian Servicemen "Sell" British People on Dominion

Termed Finest Publicity Agents, Soldiers, Airmen and Sailors Welcomed by English

Ollie Purcell, of The Canadian Press staff, is back in Canada after a brief visit to Britain. Here he tells in one of a series of articles of the change in the Canadian Army since he came back from overseas at the end of 1941.

By OLLIE PURCELL
Canadian Press Staff Writer

TORONTO, March 5 (CP).—Canada's finest publicity agents are hot on the job in Britain piling up postwar tourist and immigrant potential to tax the open-armed hospitality of the Dominion.

Their high-powered promotion work is done without pay, often even without consciousness of its efficacy. These publicity agents are the boys in khaki and blue with "Canada" at their shoulders—a walking, talking full-page advertisement for Canada.

In London during the last year, lads of the Canadian forces suffered an eclipse when the Americans moved in. Better pay, snappier uniforms, chest loads of medals captured the eyes of London—especially the fickle but all-important feminine eye. Many Canadians hadn't been over long enough to recognize the same breathless greeting given the early Canadian divisions when Britain was helpless and at bay.

Soon it became apparent the enthusiasm for America's sons meant no reflection on the trim efficiency, alertness and general good conduct of Canada in uniform. There were fewer jealous outbursts between the two forces than might occur in a border town back home.

SETTLE IN BRITISH AFFECTIONS

In the last year, the Canadians dwelled well into the hundreds of thousands—and settled solidly in the affections of the British people. The fact that close to 10,000 Canadian servicemen have found wives in Britain—and many times more have found sweethearts—means that in three years the visitors have sold themselves completely to their hosts.

Travel the operational area of Southern England and the residents pop up with comments about the Canadians that sound like promotional handouts—but they're sincere. Householders in one area babbled delightedly when an army headquarters moved back after a few months' shift away. The mayor of a coastal town said the Canadians mowed the lawns and trimmed the hedges of their billets as if they owned them.

The managing director of a large firm told me: "I've done £100,000 business with all five divisions of your army—and not had one shilling's bad debt."

DOING REAL JOB IN WAR

While the Canadians have been putting themselves "in solid" with the British people, they have been at work on another task of supreme importance. Canadians in air force blue, alongside the R.A.F., are doing an operational job whose amazing magnitude is cloaked by the security ban on figures. Canadians in the navy have been just as busy in just as many widespread sectors.

The army, with quiet Spitzbergen and bloody Dieppe on its record, has seen no action as a body. But in three years' growth it has been trained and equipped to the peak of readiness for the "big show." British military men have long placed the Canadians next to the war-tested First and Eighth Armies for power. American military observers watched them in training and quickly agreed.

The Canadian soldier, "browned off" from time to time when expected action did not break, is up on the bit as never before. He watches the papers and listens to the radio for increasing signs of the approaching second front in Europe. He is ticketed for the assault job and wants to get going. He has the guts and guts—and he wants to prove he has the goods.

Confidence Budget Theme Says Perry

Future Assured for Canadians Serving

The budget address gives confidence to the men and women in the forces that the Province will "prepare to the best of its ability to rehabilitate them when the war is over," Hon. H. G. Perry, Minister of Education, said in the Legislature yesterday. He declared that confidence was the keynote of the address.

That the Provincial Government will take care of these released from the services after the war, the minister continued, is indicated in the proposed $15,000,000 capital expenditure for public works and in the proposed investigation into power possibilities and of rural electrification of the province.

The minister said that the people of British Columbia also can have confidence that their postwar social problems will be given the closest attention of the Provincial Government in association with measures it is expected the Federal Government will undertake.

Confidence has been established in the Government through a balanced budget and maintenance of credit with no tax increases, he said.

HEAVY TAXES ON PEOPLE INEVITABLE

Turning his attention to policies of State Capitalism advocated by the C.C.F., the minister referred to the announced intention of the party to take over a number of the larger privately-operated industries. He wondered if it was intended to confiscate these industries or to pay for them by bonds and cash. No matter what the procedure, he insisted, the taxpayer would be taxed heavily to pay for them.

Whether or not the old managers of these industries were retained, he said, the C.C.F. cabinet would be in control and bosses representing the owners would be replaced by bosses representing the C.C.F. party. This, he said, was a method employed by the Nazis, with the benefits accruing to the party bosses and the workers left worse off than before.

"State Capitalism is not socialism," he argued. "Why does the C.C.F. group claim to be socialists? The answer is clear—expediency and guile are their methods. Underneath all their statements of reform and state capitalism, they secretly intend to gain power by any means and use that power not to improve the system of individual enterprise and tax it to distribute wealth equally or equitably among the producers and the people, but to destroy the whole system of private enterprise."

Will Parade Today

As part of the current Red Cross drive, the Victoria Girls' Highland Pipe Band will parade through city streets this afternoon, starting from Red Cross headquarters, 909 Government Street, at 2:30 o'clock.

RECEIVE WINGS

YORKTON, Sask., March 5 (CP).—Graduate pilots today presented with wings at No. 11 Service Flying Training School included—British Columbia: K. M. Antifaev, Vancouver; W. A. Heyes, Powell River; R. E. Pridmore, Creston.

Committed for Trial

Douglas Roy Breeze, represented by W. A. Brethour, was committed for trial by a higher court yesterday on charges of living in part off the avails of prostitution between September 30, 1942 and February 2, 1943, and assaulting, beating and occasioning actual bodily harm to Evelyn McKay on February 7.

Evidence for the police department was given by Sergeant Roy Woolsey and Policewoman Alice K. Pye during a preliminary hearing before Magistrate Henry C. Hall. Mrs. McKay was bound over in the sum of $1,000 to attend the trial.

President's Son Replies To Criticism

Lieut.-Col. Elliott Roosevelt Makes Plea

WASHINGTON, March 5 (AP).—A burst of applause from both Republicans and Democrats greeted reading in the House today of a plea from one of the President's sons that he and his brothers be allowed to "fight without being stabbed in the back for the sake of politics" by criticism of their war records.

Lieut.-Col. Elliott Roosevelt, writing from North Africa, to Representative Lanham (Democrat, Tex.), referred, without naming the Congressman, to charges by Representative Lambertson (Republican, Kas.), that the President "jerked" two of his sons from battle fronts.

"Such criticism aimed at men who are fighting for their country strikes me as sort of unfair," Roosevelt said. "They can't answer back. We feel we are fighting for all America. We are not in politics. In the forces there is unity of purpose—the continuation of American freedom and American ideals.

"Please explain this fact to your colleague, and try to explain to him that we, as soldiers, don't care whether or how much he disagrees with the President, but for God's sake let us fight without being stabbed in the back for the sake of politics . . .

"I don't care whether a man is a Republican or a Democrat. Let's get together and get this damn war won! I'm tired and I want to go home and live in peace on my ranch with my family. The sooner the better, too."

When the applause from both sides of the chamber ended, Representative Baldwin (Republican, New York) declared that Lanham "was voicing the sentiment of those on this side of the aisle, too."

Lanham cited the military record of the Roosevelts. This recalled that James once had an operation for stomach ulcers, said he should remain on a restricted diet, and had lost thirty pounds serving in the Southwest Pacific. Nevertheless, Lanham said, James has asked to be returned there.

JUST A LITTLE LATE

ASHEVILLE, N.C., March 5 (AP).—The state office of the Works Progress Administration at Raleigh wrote Mayor L. Lyons Lee that the agency could not construct a municipal auditorium in Asheville, "in view of the fact that the W.P.A. is now being liquidated." Mayor Lee isn't complaining. The auditorium was completed in January, 1940.

NEARLY ALL INTERNED

WASHINGTON, March 5 (AP).—Under-Secretary of State Sumner Welles said today nearly all Britons and Americans left stranded in Shanghai by the war have been interned by the Japanese. The few still at liberty there, Welles told a press conference, apparently have been exempted because of illness or because they were engaged in special occupations considered useful to the Japanese.

Manufacturers Meet Cabinet On I.C.A. Act

Urge Reference to Labor Committee

A delegation from the Canadian Manufacturers' Association, headed by Col. H. S. Tobin, chairman of the British Columbia division, met the Cabinet yesterday in a two-hour conference in connection with certain changes and additions in the Industrial Conciliation and Arbitration Act which, it was contended, were desirable and would make for smoother working of the act. The delegation also suggested that the proper course was to refer the whole question to the Standing Committee on Labor so that all parties concerned might have an opportunity of expressing their views.

Hugh Dalton, secretary, and R. C. Campney, K.C., counsel for the C.M.A., will discuss proposed changes and additions with Hon. G. S. Pearson, Minister of Labor, on Monday, and if no agreement is reached the delegation will meet the Cabinet again.

In the statement submitted to the Cabinet, the delegation declared it was not apparent to industry why it was necessary at this time to reopen the act. They expressed alarm at the nature of the proposed amendments.

The amendments appeared to embrace changes advocated by a certain large union with headquarters outside Canada, to which its funds are transmitted, in a country which, following the war, will be in keen competition with Canada, the statement continued.

DANGERS SEEN IN DRIVE FOR SWEEPING CHANGES

"The dangers inherent in this drive for sweeping changes in the act are well illustrated in the case of the demand that recognition of a union as bargaining agent be made compulsory if it has enrolled 51 per cent of the employees in an industry," the statement read.

"If through lack of interest and non-payment of dues, paid membership were to drop to 35 per cent would a company still be compelled to recognize the union as bargaining agent?" it asked. "If unions fail to live up to agreements what redress have the employers? Unions have it in their power to enforce laws against employers, who own property and are answerable to the courts in damages, but when it comes to answering for their own acts or contractual omissions, the responsibility of unions seems to be non-existent."

Compulsion should not be on one side only, the statement went on. If unions are to be accorded compulsory recognition, they should as a matter of good faith be only too ready to concede there should be an independent check to determine bona fide membership, that they should give an accounting of their funds to their members, and that they should assume financial responsibility by retaining in the province at least a fair proportion of their union funds.

Obituary

CRAWFORD—The death occurred at her residence, 658 Niagara Street, on Thursday of Mrs. Margaret Elizabeth Crawford in her eightieth year. Mrs. Crawford was born in Collingwood, Ont., and lived for many years at Hanna, Alta., and came to Victoria three months ago. She leaves her widower, John Wallace Crawford, now in Ontario; two sons, Roy, with the R.C.A.F. in the East; Russell, Calgary; and four daughters, Mrs. C. E. Anderson, Kashabowie, Ont.; Mrs. Thomas Todd, Redcliffe, Alta.; Mrs. Garfield Webb, Alix, Alta., and Mrs. C. T. Anderson, Victoria; also twenty-two grandchildren. Royal Canadian Air Force Flyers Play Big Part in Heavy Raids Over Europe

Vast Quantity of Bombs Dropped on Key Centres

OTTAWA, March 5 (CP).—In nine sentences, the R.C.A.F. today summarized the big part played by Canadian bomber squadrons overseas in a week which saw R.C.A.F. crews abroad each night, dropping vast quantities of bombs in Cologne, St. Nazaire, Berlin and Hamburg, and laying mines in enemy waters.

This is the R.A.F. summary, contained in the weekly communique issued here on behalf of Air Marshal Harold (Gus) Edwards, air officer commanding-in-chief of the R.C.A.F. overseas.

"R.C.A.F. Bomber squadrons were in operation on every night of the week bombing enemy targets and laying mines in enemy waters.

"On the night of February 26, when the great German industrial city of Cologne was heavily attacked by Bomber Command, many Halifaxes and Wellingtons of the Canadian Bomber Group were in the attacking force. The weather over the target was clear apart from ground haze and in thirty minutes the target was given the heaviest bombing since the 1,000-bomber raid in May 1942.

IN ATTACK ON ST. NAZAIRE

"Two nights later, February 28, our Bomber Squadron were part of the force which dropped over 1,000 tons of high explosive and incendiary bombs on the German U-boat base at St. Nazaire. Many fires were started during the attack, which was concentrated into three-quarters of an hour.

"R.C.A.F. Halifax squadrons were among the force of four-engined bombers which made a heavy and concentrated attack on Berlin last Monday night, March 1. The raid, which was made in good weather, lasted for half an hour and was the heaviest attack yet made on the German capital.

"On the night of March 3, Hamburg was Bomber Command's target, and both Halifax and Wellington squadrons of the R.C.A.F. took part in the heavy attack.

"On four nights of the week R.C.A.F. bombers laid mines in enemy waters."

SPITFIRE SQUADRONS HAD PART IN ATTACK

Not only the bombers were busy. Spitfire squadrons of the R.C.A.F. took part in two daylight attacks on docks and shipping at Dunkerque on February 26 and 27, providing part of the escort and cover to R.A.F. Venturas of Bomber Command as well as carrying out supporting operations along the French coast, the communique said.

"In the second of these attacks on February 27 our fighters were engaged by a number of Focke-Wolfe 190's, two of which were destroyed and others damaged," it added.

On six nights of the week, R.C.A.F. Bostons of Fighter Command carried out offensive patrols over France and The Netherlands, attacking a number of enemy railway tagets. On the March 3 patrol a Dornier 217 was destroyed.

R.C.A.F. squadrons of Coastal Command carried out convoy and escort duties and flew anti-shipping and anti-submarine patrols.

Defence Minister Declines Comment On Naval Matters

OTTAWA, March 5 (CP) — Defence Minister Ralston in the House of Commons today declined to comment on a discussion on naval matters in the Quebec Legislature yesterday, except to say he was informed a statement made by Onesime Gagnon (Union Nationale, Matane) in the Legislature was not correct.

The question was raised by Gordon Graydon, Progressive Conservative House leader.

Colonel Ralston said the Legislature discussion was in connection with something said by Navy Minister Macdonald in Quebec and he preferred that Mr. Macdonald should make any statement to be made to the House after his return to Ottawa next Monday.

(In his speech in the Quebec Legislature, Mr. Gagnon said that "not twenty but upwards of thirty ships were sunk in the St. Lawrence River and in the Gulf of St. Lawrence last Summer."

(In an address at Quebec on Wednesday, Mr. Macdonald told the Canadian Club that twenty ships were sunk in the St. Lawrence area last year and added that "this year we will have stronger defences along our shores and more ships for escort work . . .")

States Newspaper Stories Are Untrue

OTTAWA, March 5 (CP). — A spokesman for the Fighting French delegation here today described as "completely untrue" recent newspaper stories claiming that French sailors who have left French ships recently arrived in American harbors from Dakar and North Africa have been "lured away from their ships by De Gaullist propagandists" to serve under the leadership of Gen. Charles de Gaulle.

"To question the motives of the sailors who have voluntarily elected to serve under Gen. de Gaulle is to do them a tremendous injustice," the Fighting French spokesman stated here. "For instead of being tempted away by being offered money or free [illegible] these men know they will actually earn less money if they serve with the Fighting French than they hitherto received."

Travel Restriction Lifted Between City And North Cowichan

Passengers traveling between Victoria and Chemainus will now be able to take any of the three daily bus schedules to make the complete journey, the Vancouver Island Coach Lines, Ltd., was yesterday advised by S. Sigmundson, regional director, transit control.

The restriction was lifted as a result of protest by the North Cowichan Municipal Council, under the leadership of Reeve Chapman, when it was pointed out that Chemainus was but a fraction of a mile over the fifty-mile limit from Victoria, and that a great number of North Cowichan residents were greatly inconvenienced by the restrictive measure.

Australian Flyers Played Small Part In Attack on Ships

CANBERRA, March 5 (CP). — Air Minister Arthur Drakeford said today that, while only a small portion of the air fleets which destroyed a Japanese convoy in the Bismarck Sea this week was Australian, the R.A.A.F. carried out a large number of co-ordinated raids.

Drakeford pointing out that United States airmen formed the major part of the forces attacking the convoy, described the accomplishment as a magnificent job.

He said that in a recent week the R.A.A.F. carried out seventy-four missions to the northeast and northwest of Australia.

These air blows, which Drakeford said were continuing, had more than a nuisance value, he added.

Shipyards Achieve Record in February

WASHINGTON, March 5 (AP).—United States shipyards delivered 130 new merchant ships totaling 1,239,200 deadweight tons in February, the Maritime Commission announced today, a record.

This brought to 233 ships, totaling 2,247,600 deadweight tons, the construction in the first two months of this year, exceeding the number of ships delivered during the first six months of 1942.

This year's goal is 16,000,000 deadweight tons, but Government officials have indicated it may be increased to about 18,000,000 tons if sufficient materials are available. Production last year slightly exceeded 8,000,000 deadweight tons.

Ships delivered in February included eighty-one Liberty ships, fifteen C-type cargo vessels, nine tankers, twenty-three special types, one concrete barge and one coastal cargo ship.

Local Offers Passer Boys and Girls Full Membership in Union

VANCOUVER, March 5 (CP).—The Boilermakers and Iron Shipbuilders' Union today announced it was offering full-fledged membership to 2,000 passer boys and girls in Vancouver shipyards. The passer boys formed their own union some months ago but acted as an auxiliary to the boilermakers, whose charter was suspended recently by the Canadian Congress of Labor, now seeking to reorganize the union.

Many secret war products are made from glycerine.

Anti-Sub Vessel For Convoy Duty Now on Service

New Escort Craft Proves Effective

WASHINGTON, March 5 (AP).—Production of 150 warships and 1,400 navy airplanes in February was reported today by Secretary of Navy Frank Knox, who also told of a new type of ship to combat submarines.

In addition to the 150 warships, Knox said at a press conference, more than 700 landing barges were completed last month.

"Our sea and air production reached new records in February," he said, adding that the ships turned out then represented 200,000 tons displacement and included all types.

Of the 1,400 new planes accepted by the navy in February, he said "considerably more than half" were combat planes. It was the highest total for any month in navy history.

"We are going still faster and we expect more in March," Knox said.

The new type of anti-sub vessel for convoy duty, designed to relieve destroyers for actual combat work, is a small craft of approximately 1,300 tons, with a hull line slightly more than 300 feet long and a beam of thirty-five to thirty-six feet.

Knox said that some of the new escort vessels are already in service, others have been launched and still others are fitting out for duty at sea.

The navy described the craft as "larger than a corvette and somewhat smaller than a destroyer." It is more powerful and effective than the corvette, but lacks some of the destroyer's power, speed and armament.

Allied Quarters Do Not Confirm Nazi Broadcasts

NEW YORK, March 5 (AP).—Axis radios claimed today, without confirmation from Allied quarters, that German and Italian war craft had scored anew against United Nations' shipping in the Atlantic.

The Italian High Command communique, broadcast from Rome and recorded by The Associated Press, said "one of our submarines sank a Brazilian troop transport of 7,000 tons and a United States motorship of 13,000 tons" in the South Atlantic.

A D.N.B. News Agency dispatch broadcast from Berlin said long-range bombers set afire three Allied cargo ships aggregating 23,000 tons in the Atlantic.

The German High Command, in war bulletins broadcast by the Berlin radio, asserted that German submarines "during the first days of March" sank thirteen vessels totalling 97,100 tons and two other ships were torpedoed. It did not state the areas of these operations.

R.C.A.F. Casualties

OTTAWA, March 5 (CP).—In its 515th casualty list of the war the R.C.A.F. tonight reported four men killed on active service overseas and one died as a result of injuries suffered on active service overseas. The list named Wing Cmdr. Archibald Philip Walsh, of London, Ont., as now for official purposes presumed dead. Wing Cmdr. Walsh, a Canadian in the R.A.F., previously had been reported missing believed killed. He held the Distinguished Flying Cross and the Air Force Cross. Following is the latest list of casualties:

At the Theatres

ATLAS THEATRE Adventure fans are thrilled with Paramount's laugh-laden and altogether satisfying romantic drama, "The Forest Rangers," which ends tonight at the Atlas Theatre. The picture, filmed in eye-filling Technicolor, co-stars Paulette Goddard, Fred MacMurray and Susan Hayward. In the supporting cast are such Hollywood stalwarts as Lynne Overman, Albert Dekker, Regis Toomey, Eugene Pallette and Rod Cameron.

CADET THEATRE Borrah Minevitch and his Harmonica Rascals and Walter Huston, who portrays a pianist, furnish the musical background for vocal numbers by Gloria Warren in "Always in My Heart," which ends tonight at the Cadet Theatre. They are seen on the screen whenever Gloria sings. Classical as well as modern tunes are featured.

CAPITOL THEATRE That Spring is the time and the Rockies the place for everything melodious, romantic and gay is the message of "Springtime in the Rockies," the lively new 20th Century-Fox musical in enchanting Technicolor which ends tonight at the Capitol Theatre. The film stars Betty Grable, John Payne, Carmen Miranda and a bountiful musical comedy cast.

DOMINION THEATRE Rudy Vallee is seen in a brand new characterization in Paramount's hilarious Preston Sturges film, "The Palm Beach Story," which is now showing at the Dominion Theatre with Claudette Colbert and Joel McCrea co-starred. For once Vallee is not cast as a singer although he does warble "Good Night, Sweetheart" in one very funny sequence. He plays a comedy role—the richest man in the world who is shy of all women except Claudette.

OAK BAY THEATRE The laugh-provoking comedy hit of the year, Columbia's "Too Many Husbands," ends its run at the Oak Bay Theatre tonight. Jean Arthur is seen as the lovely young woman whose predicament is expressed in the film's title; Fred MacMurray and Melvyn Douglas are also starred as the husbands. Wesley Ruggles directed the swift-paced production, which was adapted to the screen by Claude Binyon from W. Maugham's play.

PLAZA THEATRE Bruce Cabot, prominently featured in "Silver Queen," the epic-drama of 1870 society, which ends tonight at the Plaza Theatre, seems to be addicted to high stiff white collars on the screen. He wears one in this picture, and has worn it in many others. But the truth of it is he's never worn one in real life. Cabot plays the part of lover and rascal in "Silver Queen," swindling the heroine, Priscilla Lane, and losing her to hero George Brent.

RIO THEATRE In his youth Ricardo Cortez worked in a New York brokerage office as a messenger and board operator and retained the job for some time after he made his stage debut "carrying a spear" in a theatrical spectacle. Cortez is featured with Bill Henry and Rochelle Hudson in "Rubber Racketeers," the Monogram drama of the present automobile tire situation which ends tonight at the Rio Theatre.

YORK THEATRE Nelson Eddy not only marries an angel in M-G-M's filmization of the Broadway musical hit, "I Married an Angel," in which he co-stars with Jeannette MacDonald, but he also surrounds himself with no little "earthly beauty," a glamour quartette comprising Janis Carter, Marian Rosemond, Anne Jeffreys and Inez Cooper. The picture ends tonight at the York Theatre.

Judy Garland Stars In New Capitol Hit

M-G-M's musical "For Me and My Gal," which opens Monday at the Capitol Theatre, is a saga of old-time vaudeville starring Judy Garland. Playing a vaudeville singer and dancer, Miss Garland plays opposite Gene Kelly, former star of the New York musical stage. Old-time acts and songs form the background for a romance that starts before the first World War and progresses to the period immediately after the Armistice. For the first time in her career Judy Garland will do five spectacular dance numbers. With Gene Kelly as her partner, she will revive the famous "Ballin' the Jack," dance craze of 1918. Also contributing to the excellence of the film are George Murphy, Ben Blue and Marta Eggerth.

"The Powers Girl" To Open on Monday

"The Powers Girl," United Artists release extolling feminine loveliness with new hit songs and music, will open on Monday at the Oak Bay and Plaza Theatres.

Studded with headline entertainers from the world of music like Benny Goodman and his orchestra and Dennis Day, singing star of Jack Benny's radio programme, "The Powers Girl" offers an unusual variety of new tunes destined to gain nation-wide popularity.

Carole Landis, Anne Shirley and George Murphy have the leading roles.

Amusements

On the Screen

Atlas—"The Forest Rangers," starring Paulette Goddard and Fred MacMurray.

Cadet—Kay Francis and Walter Huston in "Always in My Heart."

Capitol—"Springtime in the Rockies," with Betty Grable and John Payne.

Dominion—Claudette Colbert and Joel McCrea in "The Palm Beach Story."

Oak Bay—Jean Arthur, Fred MacMurray and Melvyn Douglas in "Too Many Husbands."

THE PEOPLE'S "NO"

The first line of defence against inflation is quite often neglected by politicians and others who refer to the subject, more or less with a particular aspect of the case in mind. The first line of defence against inflation lies in the people's "No." If the people of Canada refuse to trade at an inflated price there will be no inflation in this land. It is only by agreeing to pay more for this, and more for that, that prices push their way up out of reason. In the months that lie ahead, citizens will have to learn to say "no" more often, and to mean it.

Most of the faults of democracy that are pointed out with such insistence by factions who have little or no love for democracy can be traced to its abuses. And it is the people who make, or encourage or condone those abuses. Every member of Parliament would truly represent his constituency if he knew that he would be expected to do just that, without wavering or succumbing to a party whip. Every member of a control board in Canada would be the people's servant if he knew that the people demanded that, and would take no substitute.

Inflation, however, is something that we all help to make, or else to discourage. If people live within their fair means, and do not stretch those means, they will pour little oil upon the inflation pile. If they will save instead of spend, there will be less fuel for the same bonfire. If they stand firm in their right to trade at a fair and just level, no hole-in-the-corner price racketeer can extract more for his wares than they are reasonably worth. For the people's "No" is still paramount, and it determines to a very real extent the worth of money.

When prices rise the worth of money declines, and all people are that much the poorer. It is a deeper thought that individuals drive prices up; by out-of-season demands, by a too-easy surrender to what is asked, and by a variety of other means, including that of outright competition for a lessened supply of goods. No one need pay at the rate of $140 a ton for seed potatoes, if nowhere individuals were found ready to do so, by reason of a scarcity. It is the same with other things, including food, clothing, fuel and other essential human needs.

So far in Canada we have trusted to the operation of what is known as the price ceiling. Yet, experience has taught us how easily that ceiling can be, and is being, punctured. A little more "No" on the part of the general public would not only support the price ceiling, but also it would go far towards correcting some evils that have grown up under cover of official enactment and regulation. Weighed in terms of a dollar, every time prices rise the dollar falls. More of them are needed to do the same work, or to procure the same result. At a certain point that becomes the spiral of inflation.

Democracy will work if it is given a fair chance to work. A little more pressure on members of Parliament to be members of Parliament, a little more insistence upon Parliament being Parliament, might do wonders. In their own lives, and individually, each one has the opportunity of living wisely, and of helping Canada. There need be no inflation in this land, in spite of its heavy wartime burden, if all people will set their mind and their hand against it. For inflation breeds upon public will, and can be propagated in no other way. What nation would conspire wittingly to drive up the cost of living, and to drive down the value of money? None, where care and intelligence are shown, and they are both expected of the people of Canada.

FIRE PERMITS AVAILABLE

Inquiry at the Victoria Fire Department this week elicited the information that there is no restriction upon the issuance of fire permits to burn rubbish in the urban area of the community, and that such permits may be had upon application to the proper authorities. It is explained that, while such permits are supervised and controlled, they can be obtained for all reasonable purposes by application to the department. There are some days upon which more than ordinary precaution needs to be taken with rubbish fires in the residential area, but up to the present, it is explained, no permit has been refused. As this clears up some misunderstanding on the matter, and means that Victorians remain free to go ahead with their clearing and gardening plans, The Daily Colonist is happy to make this explanation, the more so because it added inadvertently to the smoke, if not the fire. Permits may be had by responsible citizens to burn rubbish, and the department will advise on those days upon which such fires will be safe from a weather standpoint. At the same time, the co-operation of all is sought to keep the programme free from misadventure.

SPITFIRES IN AUSTRALIA

The arrival of Spitfire fighter squadrons of the Royal Air Force in Australia—where in their first action they cut down six out of sixteen Japanese Zeros attempting to attack Port Darwin and drove off the remainder—shows once more the value of surprise. The Zero is no match for the Spitfire, any more than were the enemy pilots who ran into a number of the most highly-trained fighter pilots on our side.

Probably months elapsed between the departure of these particular squadrons from the United Kingdom, and their arrival in Northern Australia, with all their equipment and ground services, ready for battle. In that period the home Government had to accept the open charge of neglect in Parliament, and keep the secret to itself. It was eminently worthwhile. The surprise was visited directly upon the enemy, and he did not like it. Coupled with the Japanese debacle of the Bismarck Archipelago, the Port Darwin brush must have been a rude shock to Tokio.

Similarly, but on a much larger palette, the pigments of the true picture of the war some months from now are being prepared and made ready. In the interval, British, United States and other administrations will have to accept, unheard, the criticism of uninformed spokesmen everywhere upon our side. But in the end, the surprises will come out, and they, too, will be visited first upon the enemy. That is as it should be. The lesson in patience is one that we would all do well to absorb.

Although Zero planes gave Japan an initial advantage at the opening of the conflict in the Pacific, it was at a cost that is now bringing about their downfall. Armor and fire-power were sacrificed by the enemy to give height, range and manoeuvrability. The Spitfire, however, has these in abundant measure, and a fire-power that has not been surpassed anywhere in this war. Port Darwin was privileged this week to see one such surprise for the enemy. There will be many more.

A LEAD FROM YOUTH

The Junior Red Cross in Canada, with 857,156 members, of whom 43,793 are enrolled in this Province, has since the inception of this war supplied a very fine lead to their country. The Junior Red Cross has already donated six ambulances, fourteen mobile kitchens, seven utilicon vans, two station wagons, one mobile canteen, and endowed a bed at a military hospital in Great Britain. Also it is maintaining fourteen war nurseries in the United Kingdom. This programme, and it is being continued vigorously, speaks for itself.

The Junior Red Cross takes for its motto "Service." It is living up to that motto by means of a broad and energetic programme which comes to a focus in the schools. Recently the organization was congratulated by H.R.H. Princess Elizabeth, Patroness of the Junior Red Cross. Princess Elizabeth sent the following letter to Canada from Buckingham Palace, in December:

"As Patroness of the Junior Red Cross Society in Canada, I send to all members my warmest congratulations upon the wonderful contribution they have made in money, clothing and other gifts towards the many war needs in Great Britain today. I was especially interested to hear about the fourteen residential nurseries which the members are supporting over here; also the fourteen mobile canteens which are doing so much to add to the comfort and welfare of the national fire service. In raising the very large sum of £10,561 to be spent in Great Britain, as well as continuing their peacetime work for crippled children, the Junior Red Cross members of Canada have set a fine example of living up to their motto 'Serve One Another,' and I am most proud to be their Patroness."

Now nearing its halfway mark, the Canadian Red Cross drive reported collections of $35,967 in the Greater Victoria area up to Thursday, of the $90,000 sought from this area. By last evening that sum had been increased again. The early-risers in the community have seen their opportunity to do a good turn, and have done it. Now is the time for those members of the public who have not been able to get around to it before. With that assistance, and everybody pulling on the traces, the drive will go safely over the top.

AERIAL HIGHWAYS

It seems a sensible decision that Canada and the United States have come to respecting transborder air routes between the two countries. They are to remain as they now are until after the war. Canada holds some authorized routes, and the United States others. In the past there has been no dog-in-the-manger attitude displayed on either side of the border, nor will there be when the final settlement comes to be made. The air will have room in it for all.

Quite obviously, Canada has much to learn and much to gain from the return after this war of a second generation of young men who will have learned how to fly. It is a spacious land, and flying has already developed what we are accustomed to refer to as the "New North." In postwar years the development will not rest there. There will be a new South, a new East and a new West, also to be linked in.

In this, the United States will inevitably do much; and Canada, likewise, will be in a position to complement that programme with benefit to all. In so far as this continent is concerned, transport airways should be a more or less one-piece job, with every link dovetailing into the next. Weather services, airfields, repair shops and all that goes into civilian flight will have to be worked out in uniformity, so that a pilot from Mexico will be at home on any Canadian airport, and vice versa.

One job all countries in the Americas will have to tackle is the aerial marking of their mountain ranges. These, the shoals of flight, will have to be rendered as safe as are our marine coasts as of this date. There is a problem for the meteorologist, the engineer, and the radioman, with safe-flying its ultimate goal. No less true will be the fact that the ground-rails of flying not only must be put in, but also will have to be shared among nation and nation alike. The air ocean, however, has plenty of room in it. It would be strange indeed if nations which fought shoulder to shoulder in the war cannot agree companionably in peace. And they will.

PEACE

Now, God be thanked Who has matched us with His hour,
And caught our youth, and wakened us from sleeping,
With hand made sure, clear eye, and sharpened power,
To turn, as swimmers into cleanness leaping,
Glad from a world grown old and cold and weary,
Leave the sick hearts that honor could not move,
And half-men, and their dirty songs and dreary,
And all the little emptiness of love!
Oh! we, who have known shame, we have found release there,
Where there's no ill, no grief, but sleep has mending,
Naught broken, save this body, lost but breath;
Nothing to shake the laughing heart's long peace there
But only agony, and that has ending;
And the worst friend and enemy is but Death.

—Rupert Brooke.

Every man has two educations—that which is given to him, and the other that which he gives to himself. Of the two kinds, the latter is by far the most valuable. Indeed, all that is most worthy in a man he must work out and conquer for himself. It is that that constitutes our real and best nourishment. What we are merely taught seldom nourishes the mind like that which we teach ourselves.—Richter.

These things shall be: a loftier race
Than e'er the world hath known shall rise
With flame of freedom in their souls
And light of knowledge in their eyes.

GUADALCANAR?

Sir,—We read in your estimable paper and others which are supposedly responsible and authoritative about the defence of Australia, with reference to the Solomon Islands and Guadalcanal. We also hear radio announcers in Canada and the United States refer to the latter place by the same name.

Numerous reputable English newspapers and famous magazines when referring to the same place spell it "Guadalcanar." The World Syndicate Publishing Co., of New York, in the 1926 edition of its World Atlas show Guadalcanar to be one of the islands of the Solomon Group and also show Guadalcanal to be a town in the south of Spain. Has the name of the island been changed or are we expected to believe that the United Nations are attacking by sea a town that is some 250 miles north and therefore inland of Gibraltar?

Others would also appreciate an explanation. G. C. HOLLAND.
922 Government Street, Victoria, B.C., March 8, 1943.

Editor's Note—The Encyclopaedia Britannica (fourteenth edition) gives both "Guadalcanal" and "Guadalcanar" as islands in the Solomon Group of the Pacific Ocean. Guadalcanal is referred to in Volume 20 at page 954, and Guadalcanar in Volume 17 at page 9, without apparent distinction. Similarly, "Malayta," another island of the same group, is also given as "Malaita." In its own atlas, the same work identifies the island referred to in the above letter as "Guadalcanar," but the text appears to give the public some option. However it should be spelled in the English tongue, the United Nations hold the island firmly now; and he would be a bold man who would guess its name at the end of the conflict.

POTATO BLOCKADE

Sir,—In your issue, March 1, the Canadian Legion called for a public statement on potato shortage and obstruction of these goods to the public. I say here and now if the obstruction was removed there would be no shortage.

Leslie Gilmore says there is a famine in potatoes, and he goes all the way to Ottawa to find this out when he could have stayed here and learned as much. I am quoting facts when I say there are tons of potatoes rotting on this Island through this Marketing Board not allowing their removal for sale and the public buying seed at an outrage price for the table. Let us hope others will take this matter up so that the people can get something they need. —A. J. MAYNARD.

AIR GUNNERS GRADUATE

DAFOE, Sask., March 5 (CP). — Wing Commander F. L. Lowe-Holmes today presented flying badges to the following graduate air gunners: British Columbia: H. J. Launder, L. A. Purdy, B. E. Tees, all of Vancouver; C. Woodley, Enderby.

HUGE SMELT CATCH

KELSO, Wash., March 5 (AP). — An estimated 100 tons of smelt were caught by commercial fishermen yesterday, on the closing day of the second week of the heaviest Cowlitz River run in years. The catch on Thursday was about seventy-five tons.

Times editorially, has dissipated the Japanese threat to Australia. Destruction of the enemy ships means a strategic disaster, and once again the value of shore-based aircraft in island warfare has been demonstrated.

That Spitfire squadrons from Britain are now participating in the defence of Australia, and have already given Japanese airmen a sharp lesson at Darwin, shows that protection of the Australian mainland has been powerfully reinforced. Fresh Japanese invasion attempts must expect an even sharper reception.

Dealing with Finland's dilemma, whether to remain in the war beside the Nazis or seek peace, The Times says the country is deeply divided. What the Nazis want is the Puppet Government at Helsinki to help defend Hitler's Reich.

But enough Democrats remain in Finland to recognize the war is irretrievably and disastrously lost. If the Finns want peace now they must approach Russia and ask for it. Nature of the terms they will obtain from Stalin is broadly known already. There is still a chance of saving a good deal from the wreck.

The Polish Government has replied to the Soviet Union over the future boundaries of Poland, saying the so-called Curzon Line for Poland's eastern frontier was only an armistice line and not a political frontier. Polls ordered by Moscow in 1939 were contrary to international law, says the Polish Government, which denies it has any imperialistic aims in Eastern Europe, but, on the contrary, is always ready to meet the Soviet Union and reach a friendly understanding.

air action yesterday over the Mareth Line. South African fighter bombers strafed Axis positions and transport between Matmata and Gabes. United States fighter bombers carried out similar attacks. One Axis plane was shot down and others were damaged.

VON ARNIM'S ATTACK FAILS

The German attack at Sedjenane was thrown in by Col.-Gen. Jurgen von Arnim yesterday with both infantry and armor in a costly effort to seize that tactically important junction. British troops, with some American support, smashed him back with forty-ton Churchill tanks.

"Several armored cars were knocked out," said a military informant, "and heavy losses were inflicted on the German infantry."

Referring to the early phases of the Sedjenane fighting, a spokesman said that a British battalion had been cut off, "but a fair number fought their way back to our lines."

"The fighting," he added, "has been both heavy and violent. The enemy has paid a big price for small gains without attaining the true objective. In the last few days we have collected many hundreds of prisoners."

Field reports indicated the Germans now had been forced from the town.

In another northern area—about Medjez-El-Bab—fighting of rising violence was reported, but the town remained in Allied control.

A local attack by two companies of German infantry, supported by fifteen tanks, toward Beja, to the northwest of Medjez-El-Bab, was halted.

In the south, in an area west of the Mareth Line, French forces occupied the town of Nefta on the western extremity of Chott Djerid (salt lake) and pushed on to the village of Mides.

inces in the measures now proposed.

Mr. King said he did not believe there was any country in the world in which, all things considered, the people were better off than Canada, and he said this was not due to the efforts of any one government or party but to the natural resources and the people who were developing them.

WARNS AGAINST RELAXATION

He warned against any impression being created that the proposals now being advanced would mean there could be a lessening of effort and a relaxation into ways of idleness. The real purpose would be to maintain the people in a state of health and security which would enable them to make their maximum contribution to society.

Mr. King said the debate had shown general agreement as to the importance of the social insurance question and had indicated the many-sidedness of social problems.

Mr. Blackmore said means must be found of distributing the production brought into being in Canada. If this production could not be consumed after the war it would not be possible to put men to work.

Mr. Blackmore said he wondered if the social insurance committee would be able to study fully and impartially the Social Credit proposals for establishment of a new order. If Social Credit plans were adopted there was no limit to which the standard of living could be raised.

Mr. MacInnis said the C.C.F. welcomed plans for the committee, but did not believe social insurance would eliminate poverty. The wealth of the country still had to be distributed according to need. The control of the means of life should not remain in the hands of the few.

Ace Visits Station

"He was pleased to see me and shrugged off his accident as the fortunes of war."

COMPLIMENTS FELLOW FLYERS

The famous fighter ace complimented the flyers at the station on a "scramble" made while the legislative members looked on.

"It was as fine a scramble as I've ever seen," he told them, "and the boys left the ground in record short time. It speaks well for the defences."

He paid a compliment to all Allied pilots, saying they were better fliers, better pilots, and had better machines than the enemy.

Prior to the young flyer's visit, Mr. Anscomb addressed the class of officers and men and told them of the tremendous responsibility felt by Governments toward men returning from the war.

The legislative members were accompanied on their tour of the airport by Air Vice-Marshal L. F. Stephenson, Air Commodore Earl MacLeod and Group Captain S. L. O. Pope.

THE DROP FROM THE FEDERAL BUCKET

This Week of War

By MAJ.-GEN. SIR CHARLES GWYNNE

LONDON, March 6 (CP).—Field Marshal Rommel's initial success in Central Tunisia probably has been fully counter-balanced by the failure of his troops when he attempted more than his resources and the situation justified.

If he had been content with his initial success he might probably have been able to consolidate his screen in a position further west, and to have retained for a good deal longer possession of airfields he had captured. On the whole, now that the right wing of the First Army appears to have recovered much of its offensive potentialities and the Eighth Army menace is growing, Rommel's position can hardly have been improved and may have deteriorated.

NAZIS NEED RAILWAYS

An exceptionally early thaw is evidently having an effect on operations in Russia. Particularly in the Donets Basin it has produced more favorable conditions for German counter-attacks. The Russians cannot yet have restored the gauge of captured railways, and the Germans have a network of railways and good roads to facilitate distribution of munitions and supplies.

In the Eastern Donets, where communications by way of Stalingrad are well established, the Russian offensive continues to make progress, and it is also maintained against the Germans' Kuban bridgehead. More important still, it is being pushed west and northwest of Kharkov, where the railway networks are less close and where the Germans have fewer reserves.

The immediate danger of the encirclement of their army in the Donets has forced the Germans to make that the chief theatre for counter-action, but the danger of the Russian advance from Kharkov and Kursk toward Kiev may become equally serious.

Marshal Semeon Timoshenko's offensive against the strongly-fortified German salient at Demyansk met with rapid success, but it is not yet clear whether it was an operation with a limited objective or a prelude to something more extensive. The Russian announcement that operations have been completed and the German retreat both seem to suggest it is a preliminary step.

The evacuation of Rshev may also indicate that the Germans expect further blows from the North. It seems possible they intend to shorten their line drastically in this area.

GLANCING BACK TWENTY-FIVE YEARS

Drawn-out peace negotiations between the Central Powers and Soviet Russia ended March 3, 1918, with the signing of the treaty of Brest-Litovsk. The Germans and their allies imposed terms that meant the virtual enslavement of Russia, but they were nullified by the victory of the Entente Allies eight months later.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for heights are in decimals of feet above the average level of the water. Where there occur in the table the time rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill at the Esquimalt Drydock at any time, add 30 feet to the height of high water as above given.

CUT ABSENTEEISM

SEATTLE, March 5 (AP).—Absenteeism in the Lake Washington shipyards at Houghton has been cut from 11 per cent to 3.39 per cent by the firing of a "couple of hundred men" and educating other workers, James Mitchell, personnel manager, said today.

The bidding:

South	West	North	East
Pass	Pass	1 ♦	Pass
2 NT	Pass	3 NT	Pass
Pass	Pass		

North's three no trump bid was the sort of call for which there is little rhyme or reason. North had opened the bidding with one diamond, primarily as a lead directing bid, and while this action was justified for strategic reasons if for no other, it was bad figuring to hope for a game. South had passed originally, hence could not reasonably be expected to produce four winners, as well as stoppers in three suits.

West opened the fourth best spade, and East's king forced the ace. Now South could run only five diamond tricks without giving the defenders the lead. A low club to the jack was taken by West, and since East had signalled with the eight of hearts, West now shifted to that suit. The ace won and a spade return through the jack gave West three spade tricks. Thus the contract was down one.

It is not my purpose to advocate timidity or even conservatism in bidding games, nor to dwell on the fact that North-South lost about 170 points by not stopping at two no trump (fifty points penalty, plus seventy points that would have been made, plus approximately fifty points theoretical value of getting on score).—Many a hand must be bid to game even though it later develops that there is no play for the contract. But in this case, North should have known that nine tricks would be virtually impossible. His argument, after the play was over, was that he had figured the five solid tricks sufficient for the "gamble"; that he had hesitated over opening the hand originally; but that he would not drop such a strong bid as two no trump. The paradox here must be obvious. If there is doubt over the advisability of opening the bidding, surely there must be even greater doubt about "going on." South's two no trump was, of course, not a "force," since he had passed originally.

TWENTY-FIVE YEARS AGO

Premier Honored—A striking tribute to the memory of the late Hon. Harlan Carey Brewster, Premier of British Columbia, was paid by Victorians yesterday at the public ceremonies which attended his burial. Thousands of residents of the city, together with many from outside points in the province, were present at the last rites. There were also representatives of the Western Prairie Provinces deputed to attend and in their persons to testify to the great regard in which the late Prime Minister of British Columbia was regarded throughout the West.

FIFTY YEARS AGO

Tendered His Resignation—"Old Charley," the grey horse that for the past eight years has run in the Victoria Fire Department, has been retired. He gave out last Sunday while retiring to a fire, and when he came in, the weight of his years—he is more than fifteen—suddenly came upon him, and the veteran was forced to tender his resignation. The chief accepted it with regret, though he recognized the wisdom of the step which deprived him of a faithful servant.

Perry Attacks C.C.F. Member For Views Expressed in House

Colin Cameron's Statements Would Weaken Soldiers' Faith in Canada, Says Minister

IF he were a paid agent of Hitler, or of Mussolini, or of Japan, he would say exactly what Colin Cameron had said in the Legislature and feel that he had earned his pay, Hon. H. G. Perry, Minister of Education, declared yesterday in winding up the budget debate in the Legislature.

The minister recalled statements made by the C.C.F. member for Comox, and questioned the intention and purpose behind them. Mr. Cameron, he charged, had spoken disparagingly of Poland, wanted "guarantees" for men serving overseas, said that Canada is still not a nation and that Ottawa is a suburb of London.

Any young man hearing Mr. Cameron speak so cynically and destructively of the purposes of this war, or of the necessities of financing the war, Mr. Perry contended, would have his faith in Canada weakened.

LANGUAGE DAMAGING TO CANADA'S CAUSE

He said he felt it necessary to answer the member for Comox "so our boys may read something in contrast to the language used by the honorable member, which can only be interpreted as damaging to the cause for which these boys are fighting and for which they enlisted in 1939 in the spirit of loyalty to their country, their parents and their homes."

As to guarantees for these fighting men, Mr. Perry said, the only guarantees Mr. Cameron seemed to want were that the C.C.F. policy and political programme would be effected.

"But I want to tell him that most of the young men who enlisted when war broke out thought mighty little about the C.C.F. or the honorable member for Comox," the minister asserted.

CRITICISM PROBABLY MEANT FOR GOOD

"The honorable member is critical of Great Britain. He is critical of the British Commonwealth and of Canada, and I suppose he means it only for the good of Great Britain, and the good of Canada, and for the better success of the war. But if I were a paid agent of Hitler, or of Mussolini, or of Japan, I should say exactly what the honorable member has said and feel that I had earned by pay."

To tell the world that Canada is not independent, that all Allied Governments are wrong, that the country is full of profiteers and the rich, and that it is for them that Canadians are fighting, is strange comfort to our sons, but real comfort to the enemy," the minister continued.

Mr. Cameron might say these things in a Parliament because of the political freedom he enjoys, Mr. Perry said. He did not consider it liberty, but "unbridled licence for propaganda for our enemies." He did not believe that the rank and file of Socialists, or Communists, or C.C.F. supporters, any more than Liberals or Conservatives, wanted to hear such disheartening talk as indulged in by the member for Comox.

CANADIANS FIGHTING AGAINST DEFEAT

In view of Mr. Cameron's morale-destroying and cynical speech, Mr. Perry said, he felt it necessary to reiterate what Canadians are fighting for.

They are fighting against defeat and what defeat would bring; they are fighting for what victory means, political liberty; they are fighting for self-government, the right to vote for or against a government; they are fighting for a chance to liberate the new age, with all its possibilities, the age the Nazis are fighting to dominate; they are fighting to be in a position to play a part in the shaping of the future world.

"We are fighting for the ability to be in a position to play a part in the shaping of the future world, not shaping its geography, not [illegible] old empires of power, not for new islands and new continents, but for maintaining in so far as the British Commonwealth and British Empire is concerned an Empire of influence and for good of our people and all mankind."

Hart, Pattullo Clash in House On Income Tax

Statement Asked By Former Premier

A clash over income tax policy occurred in the Legislature yesterday between Premier John Hart and T. D. Pattullo (Lib., Prince Rupert) when the former premier, repeating a question he had asked earlier in the week, demanded to know what the Government's stand will be on this question after the war. The incident occurred after the adoption of the Budget.

Calling attention to the public debt charge of $8,054,208, Mr. Pattullo declared that the income tax charge in British Columbia is now more than one-third of the entire revenue. He asked what the policy of the Government would be under no circumstances to surrender the right to collect income tax after the war. He said he favored collection of the tax by the Dominion, but believed British Columbia should participate in the revenue of that impost.

"The Government should make a clear statement with regard to the income tax and not surrender its right to participate in that tax after the war," he maintained.

POSTWAR STATEMENT IF STILL IN POWER

Premier Hart replied that at the end of the war, if his Government is still in power, it will meet conditions as they are, and will then make a statement of policy.

Mr. Pattullo was not satisfied with this reply.

"When we went to Ottawa it was the unanimous opinion of my colleagues on that occasion that we should participate in the income tax. Financial interests wanted the British North America Act reopened so the right to collect income tax would be held exclusively by the Dominion Government.

"Once you take away that tax from the Province you take away the one big source of revenue used to take care of social services and education."

The Premier replied by again stating his stand, but Mr. Pattullo insisted on an immediate statement of policy. He said he wanted to know also the attitude of the C.C.F., for so far members had given no indication.

Premier Hart asked how any person could go to Ottawa and make a decision. Whatever the recommendation or agreement made with Ottawa it must come back to the Legislature for approval, he said.

NO CHANGE IN C.C.F. POSITION, SAYS WINCH

Harold Winch, Leader of the C.C.F. Opposition, said his group had made its position clear on two occasions.

"Our position is not changed," he said. "We are not taking a dogmatic stand. We contend there should be another conference between the Dominion and provinces and various questions reopened. If the Federal Government is prepared to assume responsibility for education and social services on a basis satisfactory to British Columbia, then we are prepared to accept that basis. Otherwise the C.C.F. is definitely of the opinion that British Columbia must retain its constitutional right to the income tax. We would be prepared to work out an arrangement to avoid duplication of collections and to have the tax collected through a single agency."

Mr. Pattullo couldn't support the C.C.F. attitude, he said, and charged that Mr. Winch was prepared to barter away British Columbia's rights. The Premier, Mr. Pattullo added, wouldn't make his stand clear and he wanted to know why he hadn't the courage to do so. British Columbia at the Ottawa parley was prepared to discuss social service costs but the Federal Government was prepared to deal only on condition that it would take over the income tax, he said.

Premier Hart replied that this was no time to make a statement. If the occasion arose, the Government would go to Ottawa and its decision would be laid before the Legislature.

CITRINE RETURNS

LONDON, March 5 (CP).—Sir Walter M. Citrine, general secretary of the British Trades Union Congress, returned today from the United States, where he headed a T.U.C. delegation. "We have had most satisfactory discussions with the A.F.L. and have established contacts which I feel sure will have a most beneficial effect on the future co-operation of American and British Labor," Sir Walter said.

ONTARIO ACCEPTS

TORONTO, March 5 (CP).—Premier Conant announced tonight Ontario has accepted an offer made this week by the Dominion Government guaranteeing liquor revenues on the basis of the year ended June 30, 1942, if provinces raised retail spirit prices sufficient to absorb a new $2-a-gallon Federal tax.

Generous Gifts Are Received at Linen Shower for Solarium

A generous gift of $250 from an anonymous donor was received by the Women's Auxiliary to the Solarium to assist in the recently-held linen shower for the Maple Bay institute.

The linen shower resulted in 147 pieces of linen being forwarded to the Queen Alexandra Solarium, and a gift from Mayo Singh of 160 yards of flannelette for pyjamas. Total receipts for the day amounted to $268.50, according to Mrs. J. W. Archer, secretary.

CHILLIWACK, B.C., March 5 (CP) — Chilliwack subscribers contributed $500 toward their objective of $9,000 in the campaign for funds for the Canadian Red Cross on Monday and Tuesday, opening days of the drive. There were 106 subscribers.

Young People's Organizations

PRESBYTERY Y.P.U.

An executive meeting of the Victoria and Lower Island Presbytery Y.P.U. was held this week at the home of the president, Harold E. Thayer, 313 Arnot Street. Three new members were welcomed, Miss Ella Marr, president Metropolitan Y.P.U.; Miss Myrtle Cook, Christian culture convener, and Mr. Blair Fulton, secretary Fairfield United Y.P.U.

Miss Beth Walker, of Metropolitan Y.P.U., was elected Christian fellowship convener. Treasurer Marjorie Pready reported a profit of $36.10 from the pop concert. Twenty membership cards were sold, giving the executive a bank balance of $31.75.

Cliff Batstone announced that two depots are open to collect magazines for the armed forces, one at First United and the other at Metropolitan United, in charge of the local Y.P.U. School books and fiction books are being sent to the Canadian Japanese in Slocan and Greenwood.

Miss Beth Walker, Lorraine and Harold Thayer were nominated to represent the Victoria and Lower Island Presbytery Y.P.U. at the Interdenominational Rally on Thursday in the Fellowship of the World Day of Prayer. The rally will be held in the Sunday school hall of First United Church, Quadra Street and Pandora Avenue.

Two executive members, Misses Marjorie Pready and Ruth Morgan, have been elected to the church board of Esquimalt United Church. The president, Harold Thayer, extended best wishes to Margaret Walker, corresponding secretary B.C. Conference Y.P.U., who is leaving for Ottawa in the R.C.A.F. (W.D.). The next meeting will be held Monday, April 5, at First United Church. Refreshments were served by Lorraine Thayer.

CENTENNIAL Y.P.U.

The Centennial Young People's Union met recently, the president, Irene Birkett, in the chair. Entries were received for the public speaking contest from Bob Leeson, Irene Birkett, Elinor Brooks and Harold Thayer. The secretary, Florence Murkar, announced that Dr. Anderson had accepted the invitation to be the guest speaker at the meeting on March 16. Irene Birkett led the group in a devotional period. Harold Thayer then led the discussion on the questionnaire prepared from Gray's "Theology for Christian Youth." Fairfield United Y.P.U. will be the guests of Centennial at a social to be held Tuesday in the church Sunday school room. The meeting closed with the Mizpa Benediction.

METROPOLITAN UNITED Y.P.U.

Miss Ella Marr presided at the meeting of Metropolitan Y.P.U. on Tuesday. Dr. Whitehouse led the devotional period with the theme "Race Relations," one of a series now in progress. Mr. H. J. Kent, carillonneur of the church, was the guest speaker and his fine talk was followed by an interesting demonstration in the bell tower of the church. Plans were made for the magazine drive to be held in the church, with Miss Doreen Tupman as convener. The meeting closed with the Mizpa Benediction. The next meeting will be held on Tuesday when Dr. A. E. Whitehouse will continue his series of devotional themes. The meeting will take the form of a "Surprise Programme." A special sing-song has been arranged by Cliff Batstone.

YOUTH RALLY

An interdenominational Christian Youth rally will be held in First United Church Sunday school room on Thursday at 8 o'clock. Members of the following groups are planning to attend the rally: Anglican A.Y.P.A., Baptist Y.P.U., United Church Y.P.U., Lutheran Young People, Salvation Army Young People, C.G.I.T., youth from all the Gospel churches, Presbyterian Y.P.S., Missionary Circles, Girls Groups, and Church of Christ Young People. [illegible] the final details of the programme will meet on Sunday at 2:30 p.m. in Metropolitan United Church Sunday school room. Harold E. Thayer, president of Victoria and Lower Island Presbytery Y.P.U. of the United Church, is chairman of the committee in charge. Phone B 2919.

Honors for Brides-Elect

Mrs. J. P. Young and Mrs. W. Cutt were joint hostesses on Thursday evening at a miscellaneous shower given in honor of Miss Ellen Leask, who is being married this month to Mr. G. E. Cartland. Corsage bouquets of pink carnations were presented to the bride-elect and her mother upon their arrival and later Miss Leask received the pretty gifts in a box covered in pink and white and decorated with air force stickers. Music and songs were enjoyed and refreshments were served later. The table was centred with a Spring motif of a silver bowl of daffodils, and lighted by white candles in silver holders. The guests were Mrs. J. Leask, Mrs. S. Honeychurch, Mrs. S. Wilkinson, Mrs. E. Gower, Mrs. R. H. Gibson, Mrs. E. Mowat, Mrs. R. Thornburn, Mrs. J. White, and the Misses Helen Honeychurch, Innes Gower, Betty Cutt, Marjorie Brandrith, Margaret and Gwen Bird.

Miss Thelma Ann Glover, a bride-to-be of the month, received pretty cups and saucers at a shower given on Thursday evening by Mrs. E. Pluto, 1636 Quadra Street. A pink and white color scheme was carried out in the decorations, the gifts being presented in a pretty container trimmed with gladioli. The guest of honor also received a corsage bouquet of carnations in the prevailing colors. Games were played and the winners were Mrs. E. Glover and Miss Hughella Glover. A buffet supper was served later and the bride-to-be cut the pretty shower cake. The guests were Mrs. Edward Glover, Mrs. E. Farmer, Mrs. E. Glover, and the Misses Joan Cromack, Phyllis and Edna Dawkins, Noreen and Betty Keatley, Kay Thornett, Joyce and Mona Ostler, Hughella Glover and Wendy Perkins.

I.O.D.E. Chapters

Municipal Chapter

Municipal Chapter, I.O.D.E. has received an invitation from Bishop Sexton to attend the special centenary service to be held at Christ Church Cathedral on Sunday morning at 11 o'clock. Members will meet outside the Cathedral at 10:30 a.m.

Camosun Chapter

Camosun Chapter, I.O.D.E. met on Friday afternoon at headquarters, Mrs. A. H. C. Phippe, regent, in the chair. An invitation was received by the chapter to attend the special centenary service at Christ Church Cathedral on Sunday morning. The members were asked to meet at the cathedral at 10:30 o'clock. It was agreed to send a donation of $10 to the Australian Hurricane Fund and the sum of $7.50 was voted towards the upkeep of soldiers' graves. The chapter will pay its share of rent for the war-work room managed by Municipal Chapter. The war convener reported five laundry bags, at a cost of $1, had been made for the girls of the R.C.A.F. (W.D.). Members were asked to contribute used, clean clothing to be sent to the Polish Relief, Mrs. George Miles, 1340 Stanley Street, being in charge of arrangements. A letter of appreciation was received by the chapter from its adopted school at Lac La Hache, thanking the members for gifts of pictures and a calendar. Conveners appointed at the meeting follow: War service, Mrs. G. Miles; child and family welfare, Mrs. E. Thorne; Girl Guides, Mrs. F. D. McKechnie; films, Mrs. J. W. VanNormán; ex-servicemen, Mrs. C. T. Wrigglesworth; Navy League, Mrs. C. W. Sanders; work in India, Mrs. J. C. Smith.

Girls From B.C. Leading All For "Sparks"

MONTREAL, March 5 (CP) — Canada's first class of women wireless operators for R.C.A.F. ground duty received their "sparks" here today from Air Marshal "Billy" Bishop at No. 1 Wireless School.

British Columbia led the way for the technically-trained class with three girls from that province taking top honors. A.W.3 M. Lewis, of Chilliwack, won the gold medal, while the silver medal went to A.W.3 E. S. Ling, of Vancouver, who will remain at the school as an instructress. A.W.1 F. H. M. Paling, of Kamloops, was awarded the bronze medal.

The graduates included:

British Columbia—L.A.W. M. E. Harrower, Langley Prairie; A.W.1 M. R. Leitch, Kamloops.

Women's Institutes

SHAWNIGAN LAKE

"Shawnigan Lake Women's Institute recently held a meeting in the S.L.A.A. Hall, with the president, Mrs. G. H. Garrad, in the chair. Correspondence included letters of thanks from the Salvation Army for a donation and from the ration office at Duncan for the assistance given by the institute in distributing the ration books. Several letters of appreciation for parcels had been received from men in the services. Reports included a satisfactory account of the recent card party. A report on the local Red Cross unit showed the workroom to be progressing but badly in need of workers. A report by Mrs. F. M. Gannon, quilt convener, showed two more quilts completed. Arrangements were started for a shamrock card party to be held in the large hall of the S.L.A.A. Hall on Friday, March 19. Appreciation was expressed to Mrs. E. J. Clarke, who is donating a quilt to be awarded as a prize for a contest. Members answered the roll call with thoughts for St. Patrick's Day. A reading by Mrs. Garrad completed the meeting's agenda. Refreshments were served by Mrs. W. Maitland and Mrs. E. G. Gibson.

Housing Registry Reports 850 Names On Waiting List

Mrs. W. E. Rayfuse, chairman of the Victoria Branch, National Housing Registry, reported at a meeting yesterday afternoon at 817 Government Street that during the month 751 new applications for accommodation were received, 171 families have been placed, and 146 people given rooms; 850 applicants are still on the waiting list.

Telephone calls to the number of 3,088 were made, and the chairman pointed out while there have been many volunteer workers, more are needed to handle the work.

Thanks of the meeting were expressed to Mr. Joe North, who distributed Housing Registry posters throughout the city.

Impressing on the committee the seriousness of the situation Mrs. Rayfuse said, "Applications are piling up day by day from servicemen with one or more children. We cannot find accommodation where children will be received."

Mrs. Dorothy Spurr reported on the Volunteer Auxiliary, and announced several have promised to assist with the registry office.

Letters of thanks were read, which proved gratifying to the committee, for as one of the members said, "We make every effort to suit the tenant to the accommodation."

Parent-Teacher Associations

QUADRA

There will be a meeting of the executive members of the Quadra P.-T.A. Tuesday evening at 7:15 in the school to discuss arrangements for the annual tea to be held shortly. The meeting of the Quadra P.-T.A. will follow at 8 o'clock, and after the business meeting, one of the members, Mrs. Peggy Marr, dietitian, will give a talk on wartime nutrition.

Schubert Club to Give Programme Sunday Afternoon

The Schubert Club will present the twilight recital to be held in First Baptist Church tomorrow afternoon at 3 o'clock, under the conductorship of Frederic King. Grace Timp and Oliver Stout will preside at the piano and organ, respectively. The programme follows: Hymn, "O God, Our Help in Ages Past"; choral, "The Lord's Prayer" (Forsyth); "The Lord Is My Shepherd" (Schubert); solo, "O Divine Redeemer" (Gounod), by Lola Kennair; choral, "O Jesu, So Sweet" (Bach); "Sunset and Evening Star" (Neidlinger); solo, "Abide With Me" (Liddle), by Eileen Brown; choral, "Love and Music" (Puccini); organ, "Intermezzo" (Bizet), by Oliver Stout; choral, "The Shepherdess" (Roberton); solo, "Lord Make Me Strong" (Eville), by Eileen Sheard; choral, "None but the Lonely Heart" (Tschaikowsky); "Bless This House" (May Brahe).

Price Complaints Heard by W.R.A.S.

At a meeting of the Women's Regional Advisory Committee held yesterday afternoon at 718 Government Street, a number of complaints were received for alleged infraction of the Price Ceiling Act, and deterioration of quality. These complaints were thoroughly discussed and will be forwarded to the proper authorities. Mrs. W. E. Rayfuse, secretary, said women with similar complaints should present them to the committee.

Thirty-five new Saison officers have become attached to the committee from various organizations.

The particular attention of the board for the coming month is given to equalising distribution of short supplies of flannelette, and the exceedingly difficult question of stabilising meat prices.

A complaint received concerning the advance in newspapers was dealt with, the committee feeling the newspapers should be free to adjust rates and safeguard revenues, so that the freedom and independence of the press might be preserved.

It was announced that Byrne Hope Saunders is expected to visit Victoria in the near future.

Diocesan W.A. Elects Officers

Officers elected yesterday afternoon at the thirty-ninth annual meeting of the British Columbia Diocesan Board of the W.A. to the M.S.C.C. were: President, Mrs. F. J. Brimer; first vice-president, Mrs. G. T. Hughes; second vice-president, Dr. Sherman; third vice-president, Miss Foster, Crofton; fourth vice-president, Mrs. A. E. Ringrose, Royston; recording secretary, Mrs. R. W. Hartley; corresponding secretary, Mrs. E. L. Sandercock; treasurer, Mrs. A. A. Bengough; Dorcas secretary-treasurer, Mrs. J. Nellans; educational secretary-treasurer, Miss M. Rathbone; social service secretary-treasurer, Mrs. C. H. Hinkins; girls and candidates' secretary-treasurer, Mrs. F. Goodwin; junior secretary-treasurer, Mrs. R. C. Keane; little helpers' secretary-treasurer, Mrs. E. J. Harris; prayer partner secretary, Mrs. J. R. Redpath; Columbia Coast secretary, Mrs. F. E. L. Philp; Living Message secretary-treasurer, Miss Cox; united thankoffering secretary-treasurer, Miss M. E. Duncan; extra cents' secretary-treasurer, Mrs. J. A. Andrews; registrar, Mrs. J. H. Carver; convener of hospitality, Mrs. Florence Burd.

Balance of funds was voted to the following: Bishop's discretionary fund, $100; Sunday school by post, $100; towards purchase of a boat for missionary at Alert Bay, $200; to Rev. Michael Coleman for work among the youth of the city, $75; to the Diocese of Algoma, $2; of Caledonia, $30; of Qu'Appelle, $45; of Saskatoon, $25; of Edmonton, $20; of Saskatchewan, $24; the Arctic, $45; for work in China, $77.68.

Archbishop M. T. M. Harding, former Archbishop of Rupert's Land, addressed the members, whom he said "have in mind the marching orders of the Church," and he urged that work should not be concentrated in the cities but given to scattered settlers.

Ven. Archdeacon A. E. de L. Nunns extended greetings to the members, and Lady Lake voiced thanks to all who had assisted with the meeting.

Bishop Sexton gave the concluding address, and closing benediction. He referred to social reform, and spoke of the observance of the Lord's Day, saying the underlying idea of Sunday is that people may rest in order that they may worship. "I do not like the attempt that is being made to secularize the Sunday."

Labor Group Meets Pearson to Discuss I.C.A. Act Changes

Proposed amendments to the Industrial Conciliation and Arbitration Act were discussed when a labor delegation from Vancouver yesterday conferred with Hon. G. S. Pearson, Minister of Labor.

After the conference the delegates said the minister had promised to consider minor changes they proposed. These amendments, they said, would promote industrial peace and would be in the interest of the Province.

Comprising the delegation, which assured the minister of its support in the adoption of amendments proposed by the Government, were F. Griffin, chairman of the Provincial Board of the Trades and Labor Congress of Canada; W. Burgess and Bert Showler, members of the board; E. E. Leary, president of the Vancouver Labor Council, and Nigel Morgan, of the International Woodworkers of America.

Russians Appreciate Aid Given

Satisfied With Supplies Sent

By HENRY C. CASSIDY

NEW YORK, March 5 (AP) — Britain and the United States, despite all Hitler can do to stop it, are delivering supplies to the Soviet Union.

To the question, "Are the Russians satisfied with the supplies?"—the answer is "yes."

The United States' most conspicuous contribution to the Soviet war effort is in vehicles. On the main streets of Moscow, on the roads of provincial towns, on the dirt tracks of the countryside, American trucks are a common sight. Jeeps scuttle everywhere, from the paved highways of the rear to the rough fields of the front.

British and American tanks are less noticeable to the Russian people, since they are assembled deep in the rear and sent directly to the front. I have visited an assembly point, however, and seen hundreds of medium and light tanks, ready to go into action.

PREFER THEIR OWN TANKS

The Russians still prefer their heavy KV, medium T-34 and light T-60 tanks for major combat. They used these principally in their southern offensives this Winter, but American tanks, as well as the British Matildas and Valentines, are doing service on other fronts.

British and American fighter planes are defending some of the most important points of the Soviet Union, including Moscow, Leningrad and Murmansk. Crack pilots are flying them, unanimously, they like them.

The Russians believe they have fighters, as well as tanks, superior to anything the United States has delivered to the Soviet Union. A foreign pilot, who has flown American, British and Soviet planes and who now is fighting on the Russian front, told me he agreed with the Red Air Force.

Since my return to New York, I have heard some comment that the Russians do not seem to realize or appreciate the extent of the Allies' effort to aid them.

They do realize it, for every statement President Roosevelt or Prime Minister Churchill has made on this subject, complete with figures, has been reproduced in the Soviet press, and the Russians are avid newspaper readers. Those with whom I have come into touch have also made clear that they appreciate it.

Demand Probe Of Tragedy

Seek Public Inquiry Into Shelter Crush

LONDON, March 5 (CP) — The Daily Mail reported today that relatives of victims had decided to petition the Home Secretary for an immediate public inquiry into the subway disaster which claimed 178 lives.

The newspaper said the relatives claimed that before the accident arrangements at the shelter were "negligible" and added: "They seek those responsible."

A committee of nine persons—three women and six men, who lost relatives in the accident—will meet tomorrow to arrange for signatures to the petition to be collected throughout the borough in which the accident occurred.

One member of the committee, William Johnes, a timekeeper, who lost his only son, said, "We are going to demand that at least five members of the council shall be removed from office."

This afternoon there were three scenes outside the coroner's court where many relatives had gone to receive burial orders. A crowd of several hundred persons collected.

WANTS SOMETHING DONE ABOUT IT

Harry Beaken, one of the crowd, climbed to a ledge opposite the court and addressed the crowd, saying "Like most of you, I have been affected—I have lost someone near and dear to me. We want something done about those responsible for the loss of those we love."

He then collected a number of names of those whose relatives had been killed, explaining he wanted them so that a petition could be launched for a public inquiry.

Beaken then telephoned the town clerk and told him the crowd was ready to go in a body to the town hall but the clerk replied he would visit the crowd.

Soon afterwards the mayor appeared, mounted a coping and told the crowd amidst shouted interruptions that the Lord Mayor of London had offered to place his air raid distress fund at the disposal of those who needed help as a result of the accident.

Beta Sigma Phi

Members of Zeta Chapter of Beta Sigma Phi met at the Y.W.C.A. recently, with the director, Maude Hammond, presiding. Final plans for the musicale which will be held on April 2 at the Victoria Truth Centre were made. It was reported by Rita Rodger that a second parcel was sent to the sorority's adopted family in the Peace River district. The members turned in more quilt squares and stamps, also clothing for Bundles for Britain to the war service committee. A nominating committee was appointed to prepare for the Spring election. Two sorority members, Mrs. Florence Bruce, Brandon, Man., and Mrs. Madge Fouracres, Nanaimo, were guests at the meeting. Margaret George gave an interesting talk on "Nature's Landscape," illustrated with many lovely pictures.

Metropolitan Evening Auxiliary

A meeting of the Metropolitan Evening Auxiliary was held recently at the home of Mr. Alfred Dowell, Howe Street. The devotional period on the subject of "Community Neighborliness," prepared by Miss Pearl Matthews, was conducted by Miss Muriel Dennstedt and Miss Lucy Bennallack. Miss Hazel Sargent gave an interesting review of the chapter in the study book dealing with education, contrasting city and rural advantages, discussing the present educational situation in Canada and urging the need of more general religious education. Miss M. Bock, missionary among Orientals at Greenwood, B.C., was adopted for prayer. The auxiliary members will visit patients in the hospitals during April. The next meeting will be held on April 7 at the home of Mrs. W. H. Muncy, 2018 Blackwood Avenue.

British Nurses Aided by Dance

The first dance to be sponsored by the Victoria Chapter of the Registered Nurses' Association of British Columbia was held last night at the Empress Hotel and proved to be one of the highlights of the Victoria social season. Approximately 400 dancers attended the function, which was in aid of the British Nurses' War Relief Fund, 75 per cent of the net proceeds being donated to this cause. The guests were greeted by Mrs. J. H. Russell, president of the Victoria Chapter, R.N.A. of British Columbia, and Mrs. H. E. Ridewood, the convener.

The ballroom of the hotel presented a gay scene and the stage setting for the orchestra was most artistically set. In the centre background stood the life-size figure of a white uniformed nurse, the name of the organization being worked in silver on the curtain back-drop. The Union Jack and Stars and Stripes completed the attractive setting. During the evening a buffet supper was served in the dining-room.

Patrons of the affair included Surg.-Commander C. McCharles, R.C.N.V.R., and Mrs. McCharles, Col. H. M. Cameron, A.D.M.S., and Mrs. Cameron, and Wing Commander S. G. Chalk (Vancouver). Assisting Mrs. Ridewood were the following members of the committee: Mrs. D. J. Hunter, Mrs. R. Haywood, Jr., Mrs. A. E. Acres, Mrs. Gerald Rose, Miss M. Dickson and Miss J. Fontana.

At the end of a lesson in general knowledge the teacher asked if any member of the class could tell her what he knew about Lord Woolton. One boy got up. "He's the bloke what tells us to eat less of what we ain't got none of."

Armed Forces' Hairdos

Doing up her hair in a hurry and having it neat and becoming is part of the day's work for a girl in the armed forces. To meet her needs, Antoine, the internationally known hairdresser, created special coiffures which combine speed in arrangement with neatness and style. Above, members of the different services in Ottawa match smiles with becoming Antoine hair-dos. Below is a very sleek, pretty coiffure for the long-haired miss. This neat arrangement of braids and rolls does not allow for any untidy or straggling hairs.

Russians Advance

Continued from Page 1

knocked out and 515 German captives taken in Sevsk itself along with four dumps of provisions and ammunition.

West of Lgow in the sector south of Sevsk, the Russians said ten more localities were seized in the continuing westward push, and that 1,000 Germans were killed and 650 captured along with sixteen guns, and thirty-five trucks and carts and an ammunition dump.

A German infantry battalion was routed and four anti-tank guns and other equipment captured northwest of Kharkov by one Soviet unit. This apparently was in the district of Sumy, which is only seventy-five miles from Konotop.

The only Russian mention of the Donets Basin was in the sectors west of Rostov and southwest of Voroshilovgrad. Two hundred Germans were killed, three tanks and several guns knocked out, and three planes "shot down by our infantry fire" in the former area, and 300 Germans killed and ten platoons wiped out in the latter district, the communique said.

How It Started—

By JEAN NEWTON

"THE CRUISING BOYS OF SUBDIV. NINE"

Favorite of the boys on the subs.

Swish, swish, swish the craft is diving,
Straight for a case of native wine.
Let's get boosted to the skies,
Then go down and never rise.
We're the cruisin', shootin' boys of
Subdiv. Nine.

Talking about danger—well, that's something the boys on the subs not only don't talk about. They can't understand why anybody should think their lot particularly hazardous.

"It's this way," they say. "If you're looking for danger, light out in an airplane—go up five, ten, twenty or more thousand feet into the air. There you are, and suppose something goes screwy. Sure, you're a few miles in the ether and you can glide—maybe—but if you can't glide—then you shoot down. God knows how many tons of dead weight, hell-bent from the sky—and anybody that likes it can have it.

"But a sub—get the pigboat right—she's a ship—nothing to it—just a torpedo-bearing shark as easy to operate almost as any surface vessel—"

"She has to go down under water, doesn't she?"

A tolerant grin.

"Sure, sure but to go down there's nothing to that—she just fills her tanks—and down she goes. And when she wants to come up—why, she just empties 'em—and up she comes. See? Simple, isn't it? But when I think of those guys zooming into the clouds in one of those crazy flying crates—lady, give me this safe old egg any time."

And so to the tune of "Tramp, Tramp, Tramp the Boys Are Marching," the boys who go down to the sea in subs sing their song of solace and cheer, the classic of the submarine branch of our fighting forces.

Entitled "The Cruising Boys of Subdiv. Nine," these stanzas should convince anybody that life aboard a submarine is just what the doctor would order for any sailor.

Round, round, round the old breakwater,
Heading south for Magdalena Bay.
Oh, the port main engine stopped,
And the starboard crankshaft dropped,
With Old Panama three thousand miles away.

Shoot main ballast with the hand pump,
Blow auxiliary every time,
While the engines shake and clink,
Let her float or let her sink.
We're the cruisin', shootin' boys of
Subdiv. Nine.

Crash, crash, crash the boats are diving,
Flooding ballast through the salvage line,
Hoist away the brimming cup,
We'll go down and never come up.
We're the cruisin', shootin' boys of
Subdiv. Nine.

Two negroes were attending a political meeting where a candidate was making a speech.

In a few minutes one said, "Mose, who is dat man?"

"I don't know," Mose answered, "but he sho' do recommen' himself."

ANSWER TO YESTERDAY'S PUZZLE

Do This at Bedtime Tonight

If you go through restless nights—if you waken tired and nervous, unrefreshed—try taking a cup of *New, Improved* Ovaltine warm at bedtime.

A cup of warm Ovaltine taken just before going to bed helps to relieve that feeling of nervous tension. Its special food elements, processed for easy digestion, and its rich supply of Vitamins A, B1 and D and the minerals Calcium, Phosphorus and Iron help to replenish worn out muscle, nerve and body cells.

So why not try *New, Improved* Ovaltine? See if it doesn't help you to waken up fresher and more buoyant. Get a tin at your drug or food store.

Hair OFF Face Lips Chin—Arms—Legs
Happy! I had ugly hair . . . was unloved . . . discouraged. Tried many different products . . . even razors. Nothing was satisfactory. Then I developed a simple, painless, inexpensive method. It worked. It has helped thousands win beauty, love, happiness. My FREE book, "How to Overcome the Super-Burden Hair Problem", explains the method and proves actual success. Mailed in plain envelope. Also trial offer. No obligation. Write Mme. Annette Lanzette, 10-251 Church Street, Dept. C-164, Toronto, Canada.

Corfield Is President

Elected Head of Local Net Club

W. E. "Reg" Corfield was elected president of the Victoria Lawn Tennis Club for the ensuing twelve months last night at the annual meeting. A. C. Brand was named vice-president and F. A. Jackson was returned to his old stand-by position of secretary-treasurer.

Major J. D. Hunter was the choice for honorary president, and D. E. Campbell, B. P. Schwengers and J. Parmley Paret were made honorary vice-presidents, while the following were placed on the committee: Mrs. B. R. Reid, Miss A. Pitkiethly, Mrs. I. M. Jackson, E. E. McCallum, A. H. Pitkiethley, J. A. McArthur and Denfis Humphries.

The meeting was told that the 1942 season was reasonably successful and it saw the amalgamation of the Armadale and Victoria Clubs, when the former association lost their grounds to wartime housing.

During the year the Willows courts proved to be a popular rendezvous for members of the services. For the coming season, plans are in the making to extend these activities still further. Although the tennis ball situation is still one of some doubt, the club has already secured sufficient balls, if economically used, to provide tennis for the major part of the Summer pastime.

Heading for Next Series

Edmonton Icemen Leave for Trail

WINNIPEG, March 5 (CP).—Edmonton Canadians, Alberta junior hockey champions, will leave Calgary tonight for Trail, B.C., to open the Inter-Provincial Memorial Cup play-down series Saturday against Trail Juniors.

Canadians, who dethroned Edmonton Maple Leafs, former Alberta champions, earlier in the season, knocked out Calgary Royals in a two-game total-goal series, 16-3, in the provincial finals. The Edmonton sextette won the second game last night at Calgary, 6-2.

Second team to be eliminated last night was Winnipeg Monarchs, reducing the Western junior challengers to thirteen. Monarchs, former Dominion junior champions, lost 12-6 to St. James Canadians in the Manitoba South Division semi-final two-game total-goal series. The Canadians meet Winnipeg Rangers in the league final, beginning Saturday.

Winnipeg Esquires prolonged the Manitoba North Division final series by taking the third game last night, 7-5, after dropping the first two of a best-of-five affair, 6-2 and 11-8. The fourth game also will be played Saturday.

In the senior ranks, Port Arthur Bearcats defeated the reinforced Lake Head Army-Navy team, 8-6, to lead the best-of-five Thunder Bay final by 2-0.

Sports Snapshots

TORONTO, March 5 (CP).—This hockey season may be the last for civilian teams in senior amateur leagues until after the war. It was tough enough on the civilian clubs to make the grade this campaign. Next Autumn it will be worse with the best playing material in the services and athletes still in civvies tied up with war work.

Johnny Park, of The Vancouver Province, anticipating the passing of civilian hockey from the British Columbia Mainland for the duration, comments: "The civilian outfits haven't got one chance in a 100 of surviving play-offs with any of the service organizations and they realize it. The joker in the C.A.H.A. rules which allows a service man to play for his branch in the district where he is posted, regardless of previous affiliations, will extinguish any remaining spark of flame left in the home fires."

An instance was the Bus Zobrosky case in Vancouver. Zobrosky played defence with Spitfires, who lost to St. Regis in the league semi-final. His team out of the running, Zobrosky enlisted, joined the Air Force team and helped beat St. Regis in the final.

SERVICES HAVE THE ADVANTAGE

Another angle is presented by Clayton Browne, of The St. Catharines Standard, commenting on elimination of Hamilton Majors and St. Catharines Saints by Toronto service teams in the O.H.A. play-offs. He wrote: "The armed service clubs had the advantage of the best physical training possible. They had every afternoon off before a game and every morning after, so 'tis said, while Majors and Saints players worked hard all day on war board production, then hiked home for hurried meals and a race to the arena to fill their dates."

The service teams undoubtedly have an edge in playing material, but distribution of that material must cause authorities quite a few headaches. Comes a "beef" from Walt (Saskatoon Star - Phoenix) Riddell protesting the posting of Scotty Cameron, former New York Ranger, to Montreal, where he now is with the air-force team. Walt says it had been "definitely promised" that Cameron would be posted to Saskatoon. He adds:

"There is a suspicion that Hon. Sqdn. Ldr. Lionel Conacher . . . is doing his old friend and boss, Tommy Gorman, of the Montreal Forum, an extra good turn by sending the pick of recent hockey recruits to Montreal . . . Surely the East isn't that short of players. Maybe it fears a Western army team will take the Allan Cup."

Riddell charges that several Western R.C.A.F. hockey teams were "overlooked" in hockey postings. Yorkton was given the cold shoulder and never did have an N.H.L. player posted to its school. Lethbridge didn't fare much better. Moosbank was forgotten entirely. Despite numerous appeals and some promises, Saskatoon didn't receive a much-needed centre."

Ocean Wave Is Favored

Favorite to Head Field at Orleans

NEW ORLEANS, March 5 (AP). — Ocean Wave, Calumet Farm's challenger of Count Fleet for the Kentucky Derby, has rolled up to favorite for tomorrow's $15,000 Louisiana Derby at the Fair Grounds.

This despite weight concessions to each of the seven other entries and despite his loss on Tuesday to Pop's Pick in the mud.

But last Saturday's upset, when Marriage outstripped the favorites in the $25,000 New Orleans Handicap and paid $78 for a $2 ticket, has spiced the take-your-pick possibilities.

Vieing closely with the Calumet colt for post honors are Dixiana's Amber Light, which has won two sprints here; Pop's Pick, owned by B. F. Whitaker, and Reaping Glory of the Coldstream Stable.

Ocean Wave did not enter last Saturday's thrilling handicap and lost no prestige in this week's trial since he was twice bumped during his rough ride.

Tomorrow's richest stake of the lush Fair Grounds season will be decided at a mile and an eighth for three-year-olds.

Top weighed at 126 pounds, Ocean Wave will concede six pounds to Amber Light and ten to Pop's Pick.

The entries—Horses, weights and jockeys follow: Ocean Wave, 126, W. Eads; Reaping Glory, 116, V. Nodarse; Amber Light, 120, J. Longden; Noonday Sun, 116, Sterling Young; Joe Burger, 120, R. Eccard; Valdina Way, 116, P. Zufelt; Pop's Pick, 116, J. Gilbert; Legislator, 116, O. Scurlock.

Edmonton and Trail Tonight

TRAIL, March 5 (CP).—Trail Juniors, who meet Edmonton Canadians in the inter-provincial junior play-downs, lack stiff competitive experience this season, but seven of the British Columbia representatives have played together in their midget, bantam, juvenile and junior years.

The best-of-three series opens here tomorrow night and continues Monday.

Coach Gerry Thompson, of Trail, has rounded out his team by adding to these seven four who learned their hockey in Trail and four imports. With the exception of Goaler Jim Hueston, imported from Nelson, all members of the team played in the Trail senior league this season. Ten of them formed the juvenile entry and the other five were divided between the two other teams.

The only competition the Trail entry has had as a team was exhibition games in Trail in the past two weeks.

The Trail players available include: Goal: Hueston; defence: Durban, Toffolo, DePaolis, Twaddle, Ioanin; forwards: Turik, Cavallin, Magliana, McDonald, McLeod, Milne, Harrison and Sammartino.

Thompson coached the original seven while they won the British Columbia Midget title in 1940 and 1941 and the Juvenile championship last year.

Dom DiMaggio's Eyesight Fair

SAN FRANCISCO, March 5 (AP).—Dominic DiMaggio's vision in his right eye still may be a trifle subnormal, but the deficiency, if any, is not enough to bar him from his exacting duties as coxswain aboard a picket boat operating out of Treasure Island.

That's the navy's and DiMaggio's reply to rumors that he had lost the sight of his right eye and might have to be discharged from service.

Dom, who spent an off-duty night at his home here, said he had undergone treatment for what he described as an inflammation of the cornea for five weeks shortly after his enlistment last November, but that he believed vision in the eye was now as about 75 per cent normal. The Public Relations Office said he took an informal test at Treasure Island yesterday and came through easily.

Di Maggio, star outelder of the Boston Red Sox, said he believed the eye condition may have stemmed from an injury he received in an all-star game at Cooperstown, N.Y. He smashed his glasses in that game when he banged into a fence while chasing a fly.

JOCKEY GIVEN DEFERMENT

MIAMI, Fla., March 5 (AP).—Jockey Alf Robertson will have three more months of civilian life because his leg was broken last year in a racing spill. Army doctors who examined the rider when he reported for induction at Camp Blanding today decided a delay would be beneficial.

Mrs. Erickson Wins

Mrs. W. Erickson came through with a 4 and 2 victory over Mrs. D. Fletcher in the final round for the New Year's Vase yesterday at the Uplands Golf Club. In the monthly medal competition, Mrs. R. Watson headed "A" class with 93-12-81 and Miss M. Press was the best in "B" division with 99-22-77.

ALLENTOWN, Pa., March 5 (AP).—George Kurowski, third baseman for St. Louis Cardinals, and star of the 1942 world series, was rejected by a United States Army induction board today because of an injury to his right forearm.

Chinese Society to Promote Good Will

To encourage good will, friendship and understanding between China and Canada, the China University Association was formed at the Parliament Buildings this week under the Societies Act.

Any person of Chinese racial origin who is a graduate of a university of recognized standing is eligible for membership.

The organization also aims to promote the social, cultural, educational and national welfare of its members and of other Chinese residents of Canada.

Following are the officers, all of Vancouver: Inglis Hosang, barrister-at-law (Inner Temple), president; Frederick S. Chu, physician and surgeon, vice-president; Helen Chang, bacteriologist, English secretary; Chak Pun Lui, merchant, Chinese secretary; Tong Louie, merchant, treasurer; Edward Basil Gong, physician and surgeon, and Dick Woo, office manager, directors.

A fellow got a job at a factory and was told to report the following Monday with his cards.

He turned up with a parcel under his arm.

"What's that?" asked the foreman.

"I couldn't find my cards, so I brought my darts board," replied the new man.

ARMY MAKES IT THREE STRAIGHT OVER FLYERS

Glancing Over Sport—

By JOE DELAHUNTY

A third communique from the hockey battlefront last night read as follows: Although Lieut. Warburton's First Army continued to drive the Vancouver R.C.A.F. squadron to the brink of oblivion, firing ceased a great deal and attacking on both sides was comparatively tame from the first two powerful offensives the Island soldiers launched away from home earlier this week. Spasmodically the troops cut loose with their heavy guns, and when they did they pierced gaping holes in the Flyers' defence. Word from the Army headquarters says that the final attack, which will be thrown at the enemy this evening, will be powerful in every respect; it will be engineered with rapidity and accuracy, and no mistakes will be made by the sharpshooting troops until the Flyers are routed once and for all in this battle for British Columbia supremacy.

Tame and uninteresting, that's the general opinion of the large crowd which watched the Army make it three straight over the Vancouver hockey champions last evening. Tonight the series will be all over and the soldiers will then wait until they get the signal to head for the Prairies . . . Bill Carse cut loose with some of that old-time shooting power during the fray, notching four goals and picking up three assists . . . Doug Verity and Jimmy Lowe, two Victoria airmen, got four of the visitors' five goals, the former netting three. What would the Vancouver club look like without these two lads?

Tonight's score: Army 15, R.C.A.F. 5.

ODDS AND ENDS

As we gave the hockey score out via the telephone on Wednesday night from the sports department, one interested party said: "I'm sorry, you must misunderstand me; I want the score of the hockey game between the Army and R.C.A.F. in New Westminster, not the basketball game in Seattle." I repeated the score and he said, as he laughed and hung up the receiver: "Good Lord, what were they playing over there?" . . . A female fan said seconds later: "That's adding insult to injury. Do you think they will come over here and finish the series or just call it a day?" I told her the party must go on, except, of course, the Air Force figured it a hopeless task, which most of the public do . . . It was a good job that league officials sold all their reserved tickets before the slaughter started or otherwise there would of been many empty seats in those special sections . . . I see where Charley Gehringer, great second baseman of the Detroit Tigers for many seasons, takes Lefty Grove as the fastest pitcher in history. Well, in the last issue of The Baseball Magazine an expert went over the list of speedballers in the last half-century and here's how he lines them up: Amos Rusie, Rube Waddell, Bobby Feller, Walter Johnson and Lefty Grove, so that makes Gehringer's choice fifth, according to all the averages compiled over a number of years in the big time. He picks Rusie first for the simple reason that it was his blinding speed, which officials said was dangerous to the batters, that forced the two leagues to move the pitcher's box back another ten feet . . . Once again I want to remind soccer fans and others interested in the game that today is "Juvenile Day" at the Athletic Park. So support the youngsters, as they deserve everything coming to them, for they have been playing all season on a shoe string and a few dimes in the treasury will help considerably. Be on deck and give the boys a break.

FROM HERE AND THERE

I see where the afternoon sports editor says that scoring feat of Pinkie Melnyk's the other night was the best he ever heard of and he included the National Hockey League. Well, Peter, just go back to the year 1908 and you will see where Frank McGee, of the famous Ottawa Silver Seven, scored fourteen goals in one Stanley Cup game against Dawson City. That was the year that Dawson thought they had a strong enough team to win the world championship, so they made a big mistake and challenged Ottawa for the cup . . . In the second game of the series, McGee ripped through the opposing defence at will to hit the twine fourteen times, believe it or not . . . Those days the officials never kept record of assists, so nobody really knows how many points the Ottawa sharpshooter did score before the evening was over . . . However, Melnyk put on a sensational display and deserves all the credit in the world, so we doff our hat to him . . . Although he won't be playing for the Beatty Trophy in next week's Empress golf tournament at Oak Bay, Harry Givan, former P.N.W. champion and ex-Walker Cup star, is booked to put on an eighteen-hole exhibition match with a partner and two opponents next Friday afternoon. The Seattle siege gun is playing the best golf of his youthful career and his foursome should attract a large gallery. Recently Givan clicked off a 65 and 67 on his home course, which means he is hitting his shots just about perfect . . . Another club which will be tough to push aside in the Allan Cup playdowns will be Coach Murray Armstrong's Regina squad. That's only one of a big flock, so you see the path this year isn't strewn with roses by any means.

Army Hoopsters in Play-Off Victory

Doug Peden and Hank Rowe Lead Troops to Win Over Flyers

Last night's scores:
Army 45, R.C.A.F. 42
K.V.'s 46, R.A.F. 27.

All season the Army basketballers have been gunning for a victory over the Royal Canadian Air Force in the senior division of the Victoria and District League and failed in every scheduled game, sometimes by lone baskets. Last night the same two clubs opened their best-out-of-five series for the city championship at the Victoria High School gymnasium and the soldiers turned the trick for the first time since the season commenced by the narrowest of margins, 45-42. In the evening's preliminary, K.V.'s whipped the R.A.F. Flyers in an exhibition fixture, 46-27.

Army's big guns kept booming all night and when the firing ceased, Doug Peden, Hank Rowe and Art Chapman, all former Dominoes, had amassed a total of thirty-seven points between them. The former six-day bike rider and pro ball player, Peden, found the high gymnasium to his liking and caught the hoop for sixteen points, while Rowe was right behind him with fourteen and Chapman came through with seven. Doug went out of the game on personals or else his total would have been higher.

SOLDIERS TAKE EARLY LEAD

The soldiers took the lead in the first quarter and were out in front, 12-7, with Hank Rowe setting a furious pace with eight points in the ten minutes. Peden rattled in two more baskets to complete the margin. Flyers outscored their opponents in the next period by a field goal, but play was just about even. It was 23-20 at the rest interval.

Both teams kept up the pace in a fast third period, but this time the soldiers gained two points on the airmen, outscoring them sixteen to fourteen. Doug Peden led the attack this time with a trio of baskets and a foul shot, leaving his team out in front, 39-34, at the three-quarter post. In a final quarter drive the Flyers went out to catch their rivals, but the best they could do was to gain back a lone basket, scoring eight points to the Army's six.

Norm Baker, another member of last season's Canadian champions, the Dominoes, was high scorer for the losers with thirteen points, while Ollie Goldsmith and Stout shared the runner-up spotlight with ten each. Ritchie Nicol also went to the showers before it was over with four personals, leaving the Army with two of their regulars off the court.

G. Cole refereed and teams follow:

Army—Chapman 7, Nicol 4, Rowe 14, Peden 16, Sparks 4, Bray, Turik.

R.C.A.F.—N. Baker 13, Stout 10, McKeachie 4, R. Baker, Landa 4, Phelan, Goldsmith 10.

R.A.F.—Melnyk 8, MacDonald 4, McKenzie 4, Ritscher, Russell 3, Dyslin 8.

K.V.'s—Lorimer 14, Ransom 10, Mackenzie 7, Cains 4, Taylor 2, Johnston 6, Wood 2.

Blake Tied With Taylor

Canadien Sniper Moves Up Ladder

By The Canadian Press

Toe Blake, of Montreal Canadiens, counted two goals and one assist in Thursday night's game with New York Rangers and moved into a tie for fifth place with Bill Taylor, of Toronto Maple Leafs. Lynn Patrick, of Rangers, only other National Hockey League scoring leader to make any advance, added one assist and pulled into a seventh-place tie with Buzz Boll, of Boston Bruins.

JOHNSON COMING BACK

LOS ANGELES, March 5 (CP)—Jack Johnson, sixty-four-year-old former world's heavyweight boxing champion, is returning to the ring—if he can pass a physical examination.

The big negro, who lifted the title from Jim Jeffries in 1910, plans a series of exhibition matches, and said he is confident of his physical fitness. The California Athletic Commission specified his bouts can be no more than three rounds of two minutes each, against approved opponents.

Meet Private Johnny Greco, the pride of the Canadian army. This serious young lad is "concentrating on winning the world's lightweight boxing championship for Canada and, of course, doing a little battling for democracy. Experts say Greco is heading for his goal and will probably be right in line for a title fight with Beau Jack after his win over Cloe Shans at Madison Square Garden.

Beau Jack Makes It Two in a Row

Colored Fighter Wins Close Verdict Over Pittsburgher

NEW YORK, March 5 (AP).—Beau Jack made it two in a row over Fritzie Zivic tonight, outpointing the former world welterweight champion in twelve rounds of mauling, bruising battling before a sellout crowd in Madison Square Garden. Jack scaled 135 1-2, Zivic 146.

Operating as usual on the theory that it doesn't matter how many punches you miss, just as long as you keep punching, the busy little Georgia negro rolled up an early lead on his rushing, short-punching tactics which was just big enough to withstand Fritzie's zooming sharpshooting in the eleventh and twelfth heats.

As a result, Jack won by the barest of margins—just as he did in their first fight a month ago. At the finish, The Associated Press score card gave Jack, recognized as lightweight champion in New York, six rounds; voted five for Zivic, and called one even.

There was no doubt among the cash customers, who jammed every seat and made Promoter Mike Jacobs hang out the "S.R.O." sign early, that Jack was fortunate in building up his margin early, for in the eleventh the Pittsburgh veteran gave the bouncing Beau a bit of trouble, and in the final chapter Fritz just about punched his ears off for the entertainment of the largely partisan turnout.

Just as in their first bout a month ago, in which the Beau also came through by a squeak, these two again brought the largest turnout in many months. The last time, they played to a $70,000 house. This time, a total of 18,813 paid $71,346 to sit in on the rough-house.

And that is what it was, with both boys showing the customers that they knew something about rough-and-tumble thumping as well as the more orthodox methods. Jack lost the eighth round for a low punch, and Referee George Walsh penalized Fritzie in the ninth for the same reason.

Referee Walsh and Judge Bob Cunningham each voted it to Jack, seven rounds to five. Judge Bill Healy agreed with The Associated Press score card at six to five, with one even session.

NEW YORK, March 5 (CP).—New contracts for the Willie Pep-Sammy Angott lightweight fight in Madison Square Garden, March 19, were signed before the New York State Athletic Commission today, reducing the bout from fifteen to ten rounds.

This action eliminates the fifteen-round angle, but still forces the two fighters to come in at the lightweight limit of 135, leading to possible championship recognition of the winner by the N.B.A.

Japs Change Names

NEW YORK, March 5 (AP).—The Japanese penchant for name-changing has caught up with football, hockey and golf.

They now are tokyu, sokyu and dakyu. Baseball already had been made yakyu. Previously football, or Rugby, has been known as ragubi, hockey as hokke and golf as gorofu.

The "kyu" suffix in each case means ball, and preceded by "to" from the word meaning "to fight" becomes "fight ball," while golf is "strike ball" and baseball is "field ball."

The Japanese Athletic Association made the changes, described by the Tokio radio in a broadcast recorded by the United States foreign broadcast intelligence service and reported to the Office of War Information.

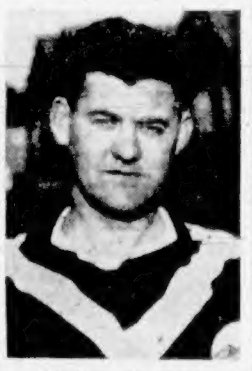
Cowichan Trophy Rugby Game Off

Cancellation of today's Cowichan Trophy Rugby fixture between local senior fifteens was announced yesterday by Roddy McMinn, secretary of the Victoria Rugby Union.

The series will now get under way one week from today with the R.A.F. playing the Army at Macdonald Park. The following Saturday the winner will meet Naval College in the final.

Will Play Today



LES BOULTER (R.A.F.)

CHARLIE RESTELL (V.M.D.)

Well-known soccer players who will see action in today's crucial Garrison Cup fixture at Royal Athletic Park. Les Boulter, upper, is a member of the Royal Air Force team, while Charlie Restell, lower, will start on the V.M.D. fullback line. Leading the Old Country club by three points, Manager "Jock" McColl's shipyard workers will win the league honors today if they even gain a draw with the British airmen. Alderman Duncan McTavish, chairman of the city parks board, will start the match by kicking off the ball at 2.45 o'clock. V.M.D. will have the following in uniform: Evans, Slogar, McGeachy, Restell, Dougan, Blakeburn, Bell, Parks, Payne, Sage, Morgan, Hall, Robinson and Reside.

Troops in 10 to 5 Win Over R.C.A.F.

Bill Carse Scores Four Markers For Army; Play Again Tonight

Last night's score: Army 10, R.C.A.F. 5.

Tonight's game: 8.30, Army vs. R.C.A.F., Willows Arena.

Victoria Army puckchasers will soon be packing their bags and heading East over the Canadian Rockies en route to Calgary, their next stop in the Allan Cup chase; but before leaving the Coast they have a little date with the Vancouver R.C.A.F. squad this evening at the Willows Arena.

Playing on local ice last night the troops moved to within one game of winning the British Columbia play-downs when they skated to a 10-5 victory over the Mainlanders for their third straight triumph.

Soldiers had a definite edge in a game that was devoid of any thrills, and seemed to be enjoying themselves immensely at the expense of the Vancouver R.C.A.F. puckchasers. The boys in khaki never appeared to be really extending themselves, and when the visitors moved too close in the scoring they went out and bagged some more tallies.

GOALIE HUNTER PLAYS WELL

Passing plays of the soldiers around the R.C.A.F. net gave the opposition plenty of trouble and the spectators a laugh, but one person who really was kept busy was Frank Hunter in the visitors' net. Called in as a replacement for Bob Campbell, who was under fire in the two games at New Westminster, Hunter stopped a lot of rubber and a number of sizzling drives.

The former Victoria R.C.A.F. goalie was not the only member of the local Flyers' club who turned in a smart exhibition. Scrappy Jimmy Lowe traveled at top speed all evening and at times appeared to be looking for a little excitement, fired home three of the five R.C.A.F. goals, and Doug Verity, a clubmate bagged a singleton. Ed Shamlock was the other scorer for the visitors.

Big, good-natured "Bo-Bo" Bobrosky, soldier rearguard player, had a lot of fun with Jimmy Lowe, all good-naturedly. But "Pinky" Melnyk of the Army, dropped his gloves and showed a pair of fists to the same Mr. Lowe in the sandwich session because of something the R.C.A.F. player did to him. Quickly Lulu Lennon, Vancouver official, whistled a penalty for the soldier player and gave him a five-minute rest in the "cooler."

Bill Carse, playing coach of the Army squad, paced the troops to victory by firing home four markers and picking up assists on three others. "Daddy" of the play-makers, clever Bill Carse came up with a number of smart moves. Joffre "Dizzy" Desilets, who can really "fly" between the whites, added three soldier goals, and a like number of assists, while Elmer Kreller, a linemate, bagged the webbing once and was in on five of the ten scores. The Carse-Kreller-Desilets line collected a total of nineteen scoring points.

COMPLETES SCORING FOR TROOPS

"Pinky" Melynk caused the red light to be flashed twice to complete the soldier scoring. Sammy Kennedy picked up one assist, and Julian Sawchuk, rearguard player, was in on three markers.

Victoria additions to the Vancouver R.C.A.F. club scored four of their five goals. Jimmy Lowe picked up three markers, and Doug Verity added a singleton. Ed Shamlock registered the other goal for the visitors.

Soldiers set up a 2-0 lead in the opening stanza and then, with the troops short-handed, first with Bobrosky and then Melnyk in the cooler, Flyers came back with the tying goals. Desilets pushed the soldiers ahead before the session ended and they stayed out in front for the remainder of the contest.

In the sandwich session the troops outscored the visitors, 4-1, and in the last twenty minutes of play bagged the odd marker in five.

Near the end of the game Henri Roy, of the R.C.A.F., drew a penalty for a minor infringement and then had it increased to a ten-minute match misconduct for arguing with Bill Phillips, one of the officials.

Frank Hunter, in the R.C.A.F. nets, was tested forty-three times and made thirty-three saves, while Art Rice-Jones, soldier net custodian, made twenty-three stops in being fired at twenty-eight times. Each of the goalies were called upon to make sensational saves and stood up to their jobs in grand style.

Stanley Cup Dates

TORONTO, March 5 (CP).—Manager Art Ross, of Boston Bruins, today asked the National Hockey League board of governors to fix consecutive Stanley Cup play-off dates for the first series played by the Bruins.

Ross asked a meeting of the board for opening dates of Saturday, March 20, and the following Sunday, on Boston ice. There was no announcement from Acting Chairman Mervyn (Red) Dutton whether the unusual request would be granted, but league sources noted that there is nothing in the N.H.L. code to prevent acceptance of the proposal.

Dutton, appointed acting league president shortly after Frank Calder's death last month, said play-off dates will not be announced "until we know definitely how the clubs are to finish in the standings."

In discussing the Ross request, it was recalled that last Spring New York Rangers and Toronto Maple Leafs played consecutive night games in a play-off series, alternating between Toronto and New York. The Boston request for two games on home ice would eliminate train rides between games.

Army soccer line-up for today's game with the Navy follows: Elliott, Muir, Peden, Embrey, Chapman, Filedhouse, Travis, Speller, Everett, Leigh, Murray, Underwood and Hunt.

New York Stocks

NEW YORK, March 5 (CP).—The stock market paused for breath today after four fast sessions this week, although leaders in most divisions drew enough support to net minor gains.

Gold shares, generally rated as "peace" issues, found favor and improved modestly. Rails dipped at the last but rubbers, coppers and steels held their own or advanced fractionally despite pressure of profit cashing and week-end balancing of commitments. A few issues touched new high ground for the year.

The tape dragged at times and volume fell to the slowest of the week at 1,208,870 shares against 2,007,450 Thursday.

Activity in low-priced and "penny" stocks shrank in comparison with previous sessions this week, which has been three 2,000,000-share days.

Prominent among today's gainers were Homestake, Dome Mines, and Sunshine Mining, which touched a 1943 high mark and finished ahead 3-4 at 55-8.

Twentieth Century-Fox was up a point and in the "new high" class as were Continental Baking, Aviation Corp., International Harvester, Reynolds Metals and Anaconda.

Bethlehem stiffened after early weakness and added 1-4. U.S. Steel netted an equal amount. Chrysler recovered to climb 1-2 at 72 5-8, N.Y. Central gained 1-2. Pennsylvania 1-4 and Northern Pacific 1-4.

American Telephone slipped 3-8, while Dow Chemical was off 1 1-2.

The strength in industrials was a major factor in lifting The Associated Press average of sixty stocks to a new peak for this year at 46.5, up 1 of a point from Thursday.

Desires Change In Administration Of Rental Rules

Local Board Will Object to Minister

A resolution urging decentralization of administration in regard to rental rules, as being more desirable than the present system of having one man make decisions, was moved yesterday by Major H. C. Holmes at the luncheon meeting of the Real Estate Board of Victoria, and passed unanimously.

"I think the laws are enacted without a proper knowledge of local conditions," he said, "and think it absurd that matters can be decided by one man. It is thoroughly wrong and vicious."

The resolution will be sent to R. W. Mayhew, M.P., Finance Minister Ilsley, and other persons with authority.

DISCUSS INCREASED GASOLINE RATION

Hubert Lethaby, secretary, reported on efforts made with the help of Mr. Mayhew toward meeting the regional controller of gasoline rationing, with a view to having the ration for real estate dealers increased. The meeting cannot be arranged, he said, and it was suggested that applications will be made in the usual way. The board will inquire of steps taken in this regard by the Vancouver board.

R. H. Shanks, president, called for silent observance of the death of Beaumont Boggs, an honorary life member of the board, and moved that a letter of condolence be sent by the board to his widow and family.

The board endorsed a resolution from the Edmonton Real Estate Association that the "Alcan" Highway be officially known as the Alaska Highway.

Two recent court decisions were reviewed, concerning the twelve-month rental order and an interpretation of fixtures.

To Estimate Canning Sugar Requirements

In making application for canning sugar, housewives are advised to estimate the number of quarts of canned fruit and jams and jellies they will preserve, then allow one-half pound of sugar for each quart of canned fruit, and one and one-half pounds of sugar for each quart of jam or jelly, according to the ration office of the Wartime Prices and Trade Board.

Application cards for canning sugar, in the back of the new ration books, should be filled in and sent to the resident's local ration board. The local board for Victoria and Oak Bay is at the City Hall, while residents of Esquimalt and Saanich will send their applications to local board headquarters in the respective municipal halls.

Legislative Group Visits West Coast Air Station

During a visit to a West Coast air station yesterday by a delegation from the British Columbia Legislature, Hon. Herbert Anscomb, Minister of Public Works (left foreground), delivered a brief message to a class of graduating officers and men. Grouped in the rear are the legislators who, with Mr. Anscomb, had the opportunity later of meeting Flying Officer George F. Beurling, Canadian ace in the R.A.F. and holder of a brilliant record made at Malta, who was also visiting the station. In the above picture, partly hidden by Mr. Anscomb, is Air Vice-Marshal L. F. Stephenson, air officer commanding, Western Air Command. At the extreme left, slightly apart from the others, is Air Commodore Earl MacLeod, and Group Captain S. L. G. Pope, R.A.F., is seen in the centre foreground in front of the Government party. During the remainder of the visit the members were shown training facilities at the station, and witnessed a "scramble" of fighter planes from the control tower.

New Ration Book Effective Today

The No. 2 permanent ration book, issued recently, becomes valid today, according to the ration office of the Wartime Prices and Trade Board allowing the purchase of tea or coffee and sugar with coupons Nos. 1 and 2. This is the equivalent of one month's supply.

Coupon No. 9 in the old book is still the only coupon valid for the purchase of butter, while the first butter coupon in the new book becomes effective on March 10.

Old books may be destroyed when all valid coupons have been used according to the ration office, but not until the holder is sure the postcard has been removed by the clerk who issued the new books, and that the symbol and serial number on the two books agree. If there is a mistake, the books must be taken to the ration office for adjustment.

There is no expiry date on tea or coffee and sugar coupons, but there will be on the butter coupons.

Judgment Reserved

VANCOUVER, March 5 (CP).—After a two-day argument, Court of Appeal yesterday reserved judgment on an application of Ben Grossman, Victoria apartment house proprietor, in a dispute with John Graham Johnson and Charles Dexter Stockdill, architects, over construction of the Wavell Apartments.

Grossman asked the Appellate judges to allow him $1,633 on his counter-claim against Johnson and Stockdill, in addition to $250 recommended by the court registrar.

Concert Party of R.A.F. to Appear On Seattle Stage

An invitation from the English-Speaking Union in Seattle for the R.A.F. "Smile" concert party to appear at the Metropolitan Theatre in that city on March 15 and 16 has been accepted, according to Cpl. Gerry Gosley, master of ceremonies of the show.

Through arrangements made by M. Rattray, Seattle, the concert party and orchestra, twenty men in all, will make the good-will visit under the direction of Flight Lieut. Herbert. Proceeds will be given to the American Red Cross and British and Allied War Relief Funds.

Besides the two evening appearances, the show will be given before American troops in the afternoons. It is billed in Seattle as a sample of London music-hall entertainment.

Saanich Trade Board Holds Annual Meeting

The annual meeting of the Saanich Board of Trade was held on Monday evening at the Brentwood Women's Institute Hall, Brentwood Bay. Results of the election were as follows: Honorary president, R. P. Butchart; honorary vice-president, J. E. Sladen; president, W. O. Wallace; vice-president, P. Holloway; auditor, A. O. Smith.

Honorary members will be the president of the Victoria Chamber of Commerce, two representatives from the South Saanich Farmers' Institute, and two members from the North and South Saanich Agricultural Society. Rev. Father X. Lauson was accepted as a new member. He is replacing Father Cyr, who has left the district.

After the meeting the hall was opened to the public, when C. Tice, feed crops commissioner, spoke on fibre flax, and John L. Webster, of the Department of Agriculture, Vancouver, spoke on vegetable and seed production. Moving pictures were shown of these industries by Mr. Haughton, of the Department of Agriculture, and much valuable information was given. A vote of thanks was tendered the speakers for their instructive lectures.

City and District

New Secretary—W. Percy Wright, assistant city clerk, has been made secretary of the parks, Aged Men's Home, business and trade, street lighting and health committees and the fire wardens.

Pruning Demonstration—The Victoria Horticultural Society will hold a pruning demonstration this afternoon at 2:30 in Beacon Hill Park rose garden. H. O. Simpson will be in charge.

Traffic Cases—A motorist was fined $15 yesterday in the city police court for exceeding the speed limit of thirty miles per hour. Another paid a $5 fine for failing to make a hand signal. One was fined $2.50 for parking over the hour limit.

Saanich Fires—Three grass fires, one brush fire and two blazing chimneys gave the Saanich Fire Department a total of six runs yesterday afternoon and evening. All were extinguished quickly with small loss.

Judgment Held—Judge H. H. Shandley reserved decision yesterday in County Court in the action of Elmo Farwell vs. Wah Lee. Farwell, represented by Stuart Henderson, sought $407.90 from Lee for wages allegedly due. J. S. Brandon appeared for Lee.

Cups Taken—Saanich police informed city police yesterday that thirty teapots, eighty cups, forty-eight cups and saucers, eighteen milk jugs, sixty tea plates, twelve one-gallon jugs, two five-gallon coffee boilers, spoons and ice cream scoops had been stolen from Mount Douglas Park tearooms.

Land Sales—Sixteen parcels of reverted property were sold for a total of $4,530 during February by the City Council lands committee, compared with thirteen for $4,475 in February, 1942. Total cash receipts of the department, including sales and rentals, were $5,901. Total cash receipts in February, 1942, were $10,029.

Prison Term—Mary E. Warren, a resident of the Cariboo, was sentenced yesterday in the city police court to serve fifteen days in prison on a charge of vagrancy. Constable Thomas Banister testified the accused failed to give a good account of herself, possessed only 16 cents in cash, had no room of her own, and used several different names.

Roof Fire—Considerable damage was done by fire to the roof of a house at 123 Olive Street yesterday afternoon. The fire department received a call to attend at 3:41 o'clock. Chief Alex Munroe is investigating the cause. At 4:47 o'clock in the afternoon there was slight fire damage to an automobile parked at Fort and Broad Streets. A chimney fire on Quadra Street was attended at 7:20 o'clock in the morning.

Postwar Plans—Members of the City Council business and trade committee met at the City Hall yesterday afternoon to discuss postwar rehabilitation projects, including a rock tunnel for Sooke Lake water, beautification of Dallas Road and the Marine Drive from the city to Saanich, improvements to the James Bay waterfront, and the possibility of securing a flying field closer to the city. Alderman B. J. Gadsden presided.

Is Remanded—Jack Fredette, charged yesterday in the city police court with consuming liquor on Fisgard Street on February 27, was remanded until next Wednesday in order to produce a witness. Constable William Andrews testified he saw the accused drinking out of a bottle at 11:15 o'clock on the night in question. Fredette stated he was handed the bottle by his job foreman, and did not wish to drink, but on the other hand was afraid of offending the foreman.

Kiwanis Club Show

"This Is London Calling" will be presented at the Royal Victoria Theatre on April 26 and 27 by the Victoria Kiwanis Club as one of the annual Kiwanis Kapers programmes in aid of Queen Alexandra Solarium, tuberculosis rehabilitation, boys' work and other activities of the Kiwanis Club, it was announced yesterday.

Four Companies Formed

Four companies were registered at the Parliament Buildings this week. They were: Surrey Dome Oil and Gas, Ltd. (N.P.L.), 1,000,000 shares, no par value; Bruce Motor Carriage, Ltd., $25,000, Vancouver; Island Engineering and Welding Co., Ltd., $10,000, Vancouver, and Automatic Heating Services, Ltd., $10,000, Vancouver.

Accused Trio May Be Heard Monday In Assize Court

Although Crown testimony still was to be heard when Mr. Justice H. L. Bird adjourned until Monday the hearing of Bert Tully, George Stedman and John Milton, accused of breaking and entering, and receiving money known to be stolen, it was hoped at the Assize Court yesterday that a presentation of the defence might at least be started sometime Monday.

Yesterday's testimony included that of a hotel proprietor, who verified from his register the period of Tully's occupancy of the hotel, and by the declarations of police officers who had participated in the arrests of Tully, Stedman and Milton in Vancouver.

The examination and cross-examination of these officers was exhaustive, dealing principally with identification of packages said to contain money allegedly taken from a safe in Victoria which the accused are charged with blowing. There was considerable discussion of the movements of the constables as they stood watch in the Vancouver postoffice, waiting for someone to claim one or more packages which were believed to have been mailed from Victoria.

Three constables were questioned in connection with the arrests and the seizure of the money, one package being taken from Tully in the postoffice and two at a residential address where Milton was found, witnesses stated.

Price Board Will Probe Shortage

Seed potatoes are not subject to a price ceiling, and there are no regulations whereby sales can be restricted for seed purposes only, according to the Wartime Prices and Trade Board. The regional office at Vancouver will give serious consideration to the shortage, according to information received at the City Hall yesterday from T. H. Johnson, local representative.

Another communication from Hon. K. C. Macdonald, Minister of Agriculture, stated the supplying of seed potatoes in the city for gardens was a responsibility of the Mayor and aldermen. He added there should be no impediment to their procuring and supplying citizens with potatoes for such a purpose.

Temporary Workers May Return to Land

Recruited for logging operations, structural work and miscellaneous wartime duties on Vancouver Island, several hundred farmers and farm laborers may return to various points on the Island, the Mainland and Prairie Provinces, should specially issued Selective Service permits be not renewed on or before the end of March. The permits were only for temporary employment in essential industries during the off-season for farming.

Due, it is said, to a slackening of construction work, most of these men can be replaced shortly if necessity demands their return to farm labor, but the switching of labor from one field to another causes delay and difficulties which employment officers seek constantly to avoid, local officials state.

If, however, the need of farm labor becomes urgent, these transient workers undoubtedly will be returned to the areas where their services are needed, according to official opinion here.

Navy Band to Parade

In connection with the Red Cross campaign the well-known Royal Canadian Navy Band will parade through the city tomorrow morning. At 11 o'clock the band will stage its popular ceremonial march on View Street, between Broad and Douglas Streets.

Curiosity of Nature

When Fred Langenhahn, 919 Vancouver Street, reached for a piece of chain lying on the beach near the Victoria Motor Boat and Repair Works, 419 Bay Street, where he is employed, he was mildly surprised to find it fastened to a rotten stump, and even more surprised to find it embedded securely in the wood. Seen in the above picture, the chain enters the wood through a knot, curves across the grain, and leaves the stump through a second knot. A portion of the chain can be seen on the inside curve of the wood. It is clear that the wood grew around the chain, as in some portions it can be seen solidly between the links. Each link is about one inch in length and the whole chain slightly more than two feet.

Favor Survey of Saanich Sewers

At a meeting of Ward Seven Saanich Ratepayers' Association on Thursday evening in St. Martin's Hall, a resolution was adopted in favor of a sewer survey being started immediately at a cost of $10,000 in preparation for sewer construction as soon as the war is over.

A delegation was authorized to wait on the Saanich Council requesting an additional grant to alleviate the "appalling" condition of the roads in Ward Seven.

A notice of motion was placed on the table for the next meeting, to be held on April 1, advocating that the ward system in Saanich be abolished.

The election of officers was completed as follows: President, L. Passmore; secretary-treasurer, Mr. Hamilton; vice-president, F. Willmore; executive, Mrs. Taylor, Mrs. Harvey, Mr. Muir, Mr. Douglas, Mr. Shaloval and Mr. Derman.

Committee to Here of Steel Plant Resources

To supply information on necessary raw materials for the establishment of an iron and steel industry in the Province, Dr. J. P. Walker, deputy minister of mines, and other departmental officials will appear before the standing committee on mines and railways next week.

Hon. E. C. Carson, Minister of Mines, who moved the resolution calling for the appearance of the officials, said the move was to make known the facts in view of disturbing reports which, he said, were recently circulated regarding the adequacy of raw materials for that industry.

Represents Veterans

Representing the Naval Veterans branch here, Joe Witlcomb left Victoria yesterday for the special meeting of the Dominion executive council, Canadian Legion, in Ottawa March 9.

The meeting replaces the usual legion convention and will be opened by the Governor-General. Mr. Witlcomb is the only local delegate attending the session.

Supply Committee Considers Estimates

With the exception of the minister's vote in the Department of Agriculture estimates of $355,976 for that branch of government were passed by the committee on supply in the Legislature yesterday. The minister's vote of $11,040 was held over for consideration next week.

The committee also passed the $8,054,208 vote for public debt and estimates for legislation.

BRITAIN'S BOMB VICTIMS *crippled, homeless*
need your RED CROSS help!

THE PROBLEM of civilians injured in bombing raids on British cities past or present, is a pitiable one. Women, children have lost arms, legs, the sight of their eyes. Many will require hospital care for years. Scores will be crippled, helpless for life. Hundreds are homeless—alone in the world.

These people upon whom the cruel fury of war has been unloosed, look to you whose sacrifice is as nothing compared to theirs. The 857,000 members of the Junior Red Cross have done much to relieve this suffering. They maintain 14 War Nurseries in England. But so much remains to be done. Will you help them in the dark hours of pain, suffering and hardship.

The Red Cross must have your support on their behalf—on behalf, too, of suffering humanity in Greece, Russia, China and other peoples of the United Nations; of seamen rescued from the cruel Atlantic, of Canadian and British boys in enemy prison camps. *The need is great and growing greater. Give generously.*

The Daily Colonist

RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS

Two cents a word each insertion, twelve cents a word a week, with a minimum of ten words, cash with order. No advertisement accepted for less than twenty-five cents.

Death and Funeral Notices, $1.50 first insertion; $1.00 for each additional insertion. Marriages, Cards of Thanks and In Memoriam Notices, $1.50 per insertion.

Birth Notices, $1.00 per insertion.

Advertisers who desire may have replies addressed to a box at The Colonist and forwarded to their private address. A charge of ten cents is made for forwarding replies. In this case add three words ("Box Colonist) to the count for the number of words.

Out-of-town readers of our advertisements ask advertisers to give address as well as phone numbers, as it is not always possible to communicate through the phone.

Any claim to rebate on account of error or omissions must be made within thirty days from the date of the same, otherwise claim will not be allowed.

The Colonist will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one issue.

The Colonist service is available every day from 8 a.m. to 9 p.m., excepting Sunday. Just call Empire 4114.

To insure insertion, Classified Ads should reach The Colonist before 9 p.m. on the day previous to publication.

Classified Ads for The Sunday Colonist will be accepted up to 9 p.m. on Saturdays.

That's the story in a couple of lines, but you'll be interested, too, in knowing that there are seven rooms with hardwood floors throughout, and that it's a real family home and not too small at it. And it's close to the sea, and close to living on the land. Here's a street we'd like to see be able to feed its own people with vitamin-rich fresh vegetables the year round. It has just been reclaimed, and reasonable terms can be arranged. And it's on HIGH. Good's. Ask Ker & Stephenson, Ltd., 1121 Government Street, for further details.

"The Boy From Maine"

By KATHARINE BRUSH

CHAPTER XLII

In the Spring Rosalie sailed for Europe, and she would be gone two months or more. Hobey couldn't see her off on the ship, but he dropped in at the apartment for a minute around 5 o'clock. There were a dozen other people there, and the place was full of trunks and tissue paper, and confusion and high spirits. Rosalie, beautiful and breathless, was pretending to be busy, although actually her servants were doing all the work. Bailey was opening champagne for all the guests. "Bailey's celebrating," Rosalie said. "Aren't you, darling?" It was the sort of light remark one made, but Hobey, sensitive to everything she said, had a sudden intuition that it wasn't really light, and that there was more to this than met the eye—that they had quarreled.

He hadn't had time to realize how much he was going to miss her, or how empty New York was going to seem when she was gone. The weeks dragged on, and there was no purpose to existence, and nobody—of all the hundreds of people he saw—amused him much.

The rest was complete vacuity, and it was almost a relief of tedium to be suddenly stricken—as he was one night in early May—with what was diagnosed as acute appendix. "Anything to while away the time," he said cheerfully to Ruby, from his bed of pain. This was the couch in his dressing room at the Club Mallory. He was taken from there to the hospital in an ambulance at 2 a.m., and operated on at 4. There proved to be no complications—just an open-and-shut case, as he said—and he had ten days' fuming rest in the hospital and then was out again.

He thought he felt perfectly well, and he went back to work that same evening, but it soon developed that the doctors' admonitions about not overdoing had been wiser than he'd deemed them, and at the end of twenty-four hours of much activity and little rest he felt far worse than he had at any time during his illness. With suitable self-indignation he complained to Ruby that he didn't know what to do about getting tired so easily, and that furthermore his nerves were shot to hell—he flew off the handle at the least thing. Never having been ill before, he found this genuinely puzzling, and he glared helplessly at Ruby while he awaited her explanation.

"Get out of town," she said. "You'll never relax here. You don't know how."

"Where would I go?" he said. "Just a few days? You suggest a place, since you're the doctor."

"Somewhere in the country," Ruby said. "Anywhere at all. You need some sun, and some fresh air, and maybe even a sea breeze. Why don't you go down to Maine, and see if that island is still where you left it?"

He didn't even have to stop to think about that idea. Somehow, in his present mood, to hear it was to like it. Sentimental pilgrimage.

He went by train the following night. He descended from the train at North Trimble at 6 o'clock in the morning, sniffing the champagne air ecstatically, and not even yawning. He had never seen this station before—it was thirteen miles inland, and he had left by sea—and yet it looked familiar. He was already home. The village of North Trimble lay beyond a hill, invisible here there was only this small wooden station, rather like a matchbox with a roof on it, set like a cabin in the midst of woods and fields.

He could smell the fields, the fresh earth in the neighboring garden in which a farmer was already working, this early in the morning; he could smell the spruce trees, the pine lumber, and the mud of marshes, and the salt tang of the sea; he could hear birds. Standing alone there on the platform among his city luggage, with his feet spread wide, his knuckles on his hips, his hat pushed to the back of his head, he looked excitedly around him and made a sound of gladness in his throat. He swooped down suddenly, and picked a blade of meadow grass growing beside the platform, unsheathed it, and put the sweet end into his mouth and let it hang there. Nibbling it, he went to find the stationmaster.

"Morning," he said. "Got to get to Channel Harbor." Stage be along here pretty soon? She due?"

The stationmaster considered carefully. "She's due," he admitted. "No fellin' when she'll be along. Sometimes she gits here, an' sometimes she don't. She ain't no stage. She's more like what you'd call an automobile."

"Oh, so?"

It was so. What finally arrived was an antediluvian Ford with rattling curtains and a steaming radiator cap, driven by a gangling youth in a white shirt and a stiff collar, no tie, a Derby hat and khaki pants. This driver was a kind of cousin-by-law once removed, plus his route, and the procedude of his vehicle through the countryside, over the thirteen miles, was almost as sociable and almost as leisurely as though the vehicle were still horsedrawn. The driver knew no one on Mitchell's Island, never had been there, he said, and Hobey knew few people on the mainland.

At the pier in Channel Harbor he looked for island boats among the many clustered around the float, but he recognized none of them, and finally he engaged someone to row him over. He supposed he shouldn't try to row himself so soon after his operation, though he felt rather like a sissy not to. He sat in his city clothes in the stern, watching the island draw near . . .

Reporters to Go With Army On Invasion

News of Canadians Will Be Rushed

TORONTO, March 5 (CP).—Canada's overseas army, girding itself for a vital role in the expected invasion of Europe, is establishing facilities to inform Canada promptly and fully of the progress of operations when they start, Gillis Purcell, assistant general manager of The Canadian Press, said here.

In the course of a brief visit to the United Kingdom, Purcell had conversations with public relations officers of the army and of military headquarters at London and Ottawa. He said approval had been given to an adequate information setup and the approval now is being implemented.

"The problem of getting the war correspondents to the news—and then of getting the news back to Canada without delay—is being handled as one of the essential problems of a major operation," Purcell said on his return from his third wartime visit to Britain.

"Unquestionably the number of accredited Canadian war correspondents who will want to accompany the Canadian forces will be large. To meet the needs of news associations, newspapers and radio, Canadian representatives will probably number almost a score.

STAFF OF PUBLIC RELATIONS OFFICERS

"To handle such a large force of war correspondents in the field is a major problem, requiring a strong staff of public relations officers. These are being provided—and they are being selected from experienced radio and newspapermen. Even their jeep drivers will be chosen from among army men who have news-handling experience.

"News photographs and films are one of the most important products of the army public relations staff. Naturally, details cannot be disclosed of picture arrangements now being completed but to a newspaperman the advance plans for Canada's biggest news story are a delight.

"Every advantage is being taken of experience in North Africa in establishing the best possible communications. Dispatch rider and airplane of course will be used from advance areas. In addition, approval has been given for immediate experiments with a radio-equipped car to get news from the field to base headquarters after passing field press censor.

TRAIN MEN IN CENSORSHIP

"Because of differing conditions governing censorship of operational news for Canada, Canadian Army officers are being assigned for training in field press censorship. They will be acquainted with Canada's special problems. For instance, Canadian war correspondents may cable names and home towns of soldiers under the rank of lieut.-colonel whereas often this might not be permissible for United Kingdom war correspondents."

Purcell, who was press relations officer at Army Headquarters in England during 1941 until injured on a manoeuvre, said Lieut.-Gen. A. G. L. McNaughton is convinced of the urgent need for the Canadian people to receive promptly every possible word about their troops—subject only to security considerations—which can be got to Canada in the early stages of any major operation.

"For this reason," Purcell said, "the army commander proposes to arrange—as military considerations permit—that the Canadian war correspondents overseas at the start of a major Canadian operation will be taken along with the fighting men if they desire to go."

A NARROW ESCAPE

NANAIMO, March 5. — Mr. N. Morgan, East Wellington, reported to Provincial Police today that a rifle bullet had been fired through a window of his home. It had entered the wall just above the head of Miss Lois Morgan, who was ill in bed. Investigation showed the shot was a stray, fired accidentally.

What Today Means

PISCES

If March 6 is your birthday, the best hours for you on this date will be from 9:30 to 11:30 a.m., from 1:30 to 3:30 p.m. and from 7:30 to 9:30 p.m. The danger periods will be from 7:30 to 9:30 a.m. from 5:30 to 7:30 and from 9:30 to 11:30 p.m.

Hats will play an important part in adding or detracting from the average person's appearance on March 6, so care should be given to their selection. It might be well to realize that fantastic styles that appear attractive on the stage often appear to be ludicrous when adopted for street wear. This is a time during which opportunities will be found for the betterment of many persons' economic conditions, so if you are not satisfied with your present income keep your eyes open and you may find some means to better it. You may find it to your advantage to pocket some of your likes and dislikes when seeking the illusive dollar, so long as the means of getting your hands on it are thoroughly legitimate. Married and engaged couples, as well as sweethearts, will find that a feeling of reluctance is a great handicap to easy accomplishment.

If you are a woman and March 6 is your birthday, never take it for granted that those who do you kindnesses know that you appreciate them, so express your thanks in unmistakable words. The extent of your popularity may depend on your attitude toward the people with whom you come into close contact. The superabundance of enthusiasm often is as bad as a lack of it, so endeavor to express yours in a perfectly natural manner. As a demonstrator, designer, dietitian, business operator, instructress, newspaper woman, fiction writer, professional shopper, public stenographer, secretary, or by specializing in work helpful to the war effort, you may attain remarkable success. Your matrimonial experience should be interesting and happy.

The child born on March 6 is apt to be capable of taking things very seriously or to be bubbling over with fun, according to existing conditions. This youngster's general bearing should reflect self-assurance, and, as a rule, help to create a favorable impression on strangers. Worthwhile accomplishments generaly favor Pisces children to develop into outstanding citizens having enviable records.

If you are a man and March 6 is your natal day, you ought to have remarkable grit and will power. As a go-getter you are not apt to wait for success to come to you but will go after and capture it. As an explorer, soldier, sailor, aviator, scientist, chemist, actor, clergyman, author, journalist, manufacturer, inventor, broker, agriculturist, artist, musician or business executive, you should be able to go through life with flying colors.

The park orator made frequent references to Darwin's "Origin of Species."

A tall man and his short companion hung on to the outskirts of the crowd, but were unable to get near the speaker.

"What's his trouble, Bill?" asked the small man, tired of craning his neck to no purpose.

"Eat More Fruit, I think," replied the other. "All he keeps talking about is Darwin's orange and peaches."
